When I awarded 37904 I was thinking
of the general practice, which is now limited to
the defined practice. It might be argued that a
doctor can not on an irregular or intermittent
scale, ^{by} consult on all forms with the practice of the
householders & that a doctor from time to time will be
necessary in the case of Dr. S. Nelson (B) (Uganda)
that a permanently granted either 2 per cent of his
income has to be arranged. The present can be
arranged between the two and I am afraid that if
we wish to carry on, they may say that these practices
should be to excess.

Dear mother (see p. 6) I hope you will be well
and happy. We are all well here. The weather
is very cold and we have had snow. The
children are all well. The baby is
about 10 months old. He is very
active and likes to walk. He
has just learned to speak a few words.
He says "mama" and "dada".
He also says "no" and "yes".
He is very curious about everything.
He likes to look at books and
he loves to play with his toys.
He is a very happy baby.
We are all looking forward to your
return. Please write again soon.
With love from all of us.

Sir, I am sorry to say that the principle
for supplying the pensions of retired officers
laid down in Your Lordship's despatch No. 115,
of August 11th, 1920, governed Your Lordship's
decision in Mr. Bent's case. I should be glad to

be informed whether the provisions of that despatch
are to be applied to non-Europeans and to be read in
conjunction with Section 284 of the Code of
Regulations. Assuming however that this is the
intention, Mr. Ram would appear to be disqualified
by the fact that on April 1st, 1919, he received a
special increase in salary of £30 per annum. His
pension should, therefore, in consequence with paragraph
4 of that despatch, be calculated on his average
salary for the 3 years prior to retirement and
would amount to £35-18-0.

I have the honour to be,

Your Lordship's

Humble, obedient servant

Edward Murray
