DRAINAGE OF MOMBASA

Refers to despatch No. 822 of 1912. It is not thought desirable to make definite recommendations pending the arrival of the Chief Sanitary Officer. Contoured plan of Mombasa is in course of preparation.

12

In reply to your despatch No. 876 of the 19th ultimo, I have the honour to refer to paragraph 6 of my despatch of November 27th, which had probably not yet reached you, when you asked for information as to the steps made in formulating a scheme for the drainage of Mombasa.

2. As you will see, it is not thought desirable to make any recommendations until the arrival of the sanitary Officer whose appointment has been suggested.

3. It was not found possible to prepare the contoured plan of Mombasa last year, as was anticipated by Sir Percy Girouard, owing to the other urgent demands of the staff of the Survey Department. A surveyor has however now been sent and it is hoped that all the necessary data will be available when required.

I have the honour to be,  
Sir,  
Your humble, obedient servant,

*H. Conway Beckett*

GOVERNOR.

THE RIGHT HONOURABLE  
LEWIS HARCOURT, P.C.  
SECRETARY OF STATE FOR  
DOWNING STREET,  
LONDON, S.W.
