INCREASE OF NURSING STAFF

Owing to large and increasing number of patients in Nairobi Hospital extra nursing staff urgently required. Will you sanction insertion of provision for one additional nurse in estimates for next year to be met by reduction in other expdre. Despatch follows.

W. Reed
Mr. Brooking

It is too late now for this item to be included in the 1913-1914 estimates, and it is hardly to be presumed that the increase in the number of patients has been of so extremely sudden a nature ~~and so sudden~~ that the necessity for the services of an additional nurse could not be foreseen at the time the estimates were framed.

The despatch which is promised may contain some further particulars which would justify the employment of an extra nurse, however, permit its receipt?

It has a little money to dispose of
