MEDICAL STAFF

P.M.O. does not consider D.P.H. essential for Chief Sanitary Officer and recommends RADFORD because of powers of organisation and local knowledge. Agrees and urges condition be waived. Would prefer to postpone recommendation to second post of S.M.O. till return of P.M.O.

~~W. Fiddian~~ ~~W. Radford~~
~~W. Bottomley~~ Dr. J. Anderson

I do not agree as to Dr Radford.
The leave question can be
fixed up all right with our
present reg^s - see also
para. 3 of disp. to Col on 9/1/8866.
As to the promotion to S.M.O.,
as the Gov. will not help us and
of an difficulty, we had better
wait for Dr. Irvine & then
discuss the matter with him
explaining the position. If he
then recommends Dr. Chevalier or
Dr. Howley, we can roll the
Gov

Under and let 18866

21/3/13

Jointly agrees to the C.S.O. We should not now
appoint a Medical Officer of Health except on condition
of his taking the DPH - if he had not got it
already - & the head of the Sanitary Service
ought certainly to have the recognised qualification.
The Govt. went of it in the G. West has given a
handle to Major Bryan's campaign against
sanitation. If the war comes to the west, D. Bedford
divide the work between ourselves, but it
would be preferable that he should get it
as soon as possible. H 28

~~to be~~ H. J. Fuller
You discussed this with S. Milne
this morning. He adheres to
his recommendation that
H. Hawley be given the
first vacancy for a P.M.O.
with effect from S. Johnson's
transfer.

204

If this is approved, he proposes
to recommend S. Bodeker for
the second vacancy. Although
S. Bodeker has not been
altogether satisfactory in the
past, S. Milne thinks that
he will have been sufficiently
punished by the loss of
seniority apart from other
penalties inflicted on him
locally. The fact that he is
a man of colour does not
weigh against him in S.
Milne's opinion. See No

of things
H. J. F.

What he is a Burmese-German

As to Cherallier - although a good companion, personally popular & a friend of the P.M.O., S. Milne cannot recommend him for promotion. He regards him as incapable of doing the work. Excellent on boundary commissions where he has had 5 or 6 men to look after, he wd. not do as P.M.O. acc^d to S. Milne. Further, S. Milne mentioned the fact that he was indulged in alcohol & that this was the real difficulty.

S. Milne ~~entirely~~ agrees - or I understood that he makes no objection - that Radford must obtain the D.P.H.

but under S.P. suitable for H. 2d.

No. 51. Your telegram 20th March Principal Medical Officer does not consider diploma public health essential for Chief Sanitary Officer and recommends Radford because of his faculty for organisation intimate knowledge of local conditions and general capability. I agree entirely and would urge that condition be waived more particularly as it would involve considerable extension of his next leave which is most undesirable. Would prefer to postpone recommendation to second post of Senior Medical Officer till return of Principal Medical Officer.
