RINDERPEST SERUM

Submits explanations as to the excess expenditure of £500 on the production of serum.

*Mr. [unclear]
[unclear]*

In writing on 25th January (1913) we asked for further details of the excess expenditure of £500. (It has been approved by Treas 3529) The £500 was made up of two instalments of £200 (October 1912) & £300 (December 1912) and was required for expenses connected with the upkeep of the laboratory & put by.

N.F.D. 29/4/13

The money was here on Friday & said there was no doubt that the greater part would be recovered in payments for serum provided for other Govts.

EAST AFRICA PROTECTORATE.

No. 238.

C. O.
 GOVERNMENT HOUSE
 NAIROBI.
 BRITISH EAST AFRICA.
 April 5th 1913 APR 13

Sir,

With reference to your despatch No. 71 of the 25th of January respecting additional expenditure in the Pathological Division of the Agricultural Department in connection with the production of Serum, I have the honour to report that the total excess of £500 was applied for and sanctioned by me in two instalments viz: £300 in October and £200 in December last. In his original application the Veterinary Pathologist pointed out that it might be necessary at some later date to apply for a further supplementary allocation, and his anticipation proved to be correct.

2. The greater part of the £500 was perforce devoted to general expenses in connection with the upkeep of the Laboratory, (in order that the continuity of the work might not suffer) together with the purchase of food-stuffs, wages etc for the production of anti-rinderpest serum.

I have the honour to be,
 Sir,

Your humble, obedient servant,

A. Conway Bejjani.

GOVERNOR.

RIGHT HONOURABLE
 SIR HARCOURT P. C., M.P.,
 SECRETARY OF STATE FOR THE COLONIES,
 DOWNING STREET, LONDON, S.W.
