CORPORAL PUNISHMENT

1913

15th May

States 'cat o' nine tails is only used on adults a light cane imported from India being used for juvenile offenders. Has issued instructions for the latter to be used in all cases in future. Will be careful to see that corporal punishment is in no way abused.

state what cost would be, from what
savings it would be met, & whether, in
the event of foot not purchasing, there
is risk of rate being required by

I don't think the amount is a suitable
one & the letter is short

Your tel. of 28 May 1911 in view of
Girouard's report of 23 June 1911 conf.
and of Gibson's visit should be glad
to be satisfied that extension is preferable
to moving Bazaar. What terms in
regards tenure and rent do you
propose. What would be cost, and if
possible savings it could be met from
actual savings & not by reduction
of another vote
and from what savings could it be
met

and read copy of both tel. to Deane

Dr. G. Fisher

I do not like the proposal at all
I annex a plan of Navaho Township & I
have indicated for it by a blue pencil
cross the position of the Indian Bazaar
Government Road which borders it on one
side is at present the main street of
the town - Sherbrooke Street Avenue, which
is quite close to it, is to be the principal street
of the future. The Treasury & Post Office buildings

(Even if we
readily recon-
ciled we should
to compensate
building of
for some other
later)

as in the case of the Bazaar & the
Block of Post Office & to be erected in
the other - a certain number of sites have
already been taken up by Europeans & there
is going to be a good demand among
Europeans for the remainder

558

It is already laid enough to have
the Indian Bazaar in the middle of
the European quarter, but if this extension
is allowed the ultimate removal of the
Bazaar will become extremely difficult.

In this connection, see p. p. 9-10
& p. p. 24-25 of Mr. Drane's by Williams
Report on the Sanitation of Navaho
Territory.

I should be disposed to telegraph in

[Your tel. of 28th May in view of
Girouard's conf. despatch of 23 June 11 &
Williams Report proposed extension
appears to be undesirable likely to
accentuate present difficulties. Am
anxious also to hear news of Professor
Simpson who is due at Inuvik about
10th of June. Request that matter
should if possible be postponed
