The Governor of the East Africa Protectorate informed me that the Officer-in-charge of the Northern Frontier District reported last December that there had been raiding and counter raiding between the Rendili and Boran but gave no particulars. Further inquiry is being made in view of the remoteness and uncivilized nature of the country. ~~It is possible~~ It is possible that a considerable time must elapse before

A. Mr. Secretary Harcourt — The Governor of the East Africa Protectorate informs me that the officer in charge of the northern frontier district reported last December that there had been raiding and counter raiding between the Rendile and Boran, but gave no particulars. Further inquiry is being made, but, in view of the remoteness and uncivilised nature of the country, it is probable that a considerable time must elapse before details come to hand.
