We are not for the moment
saying anything about the ^{payment} ~~speculation~~
of interest from capital during
the first three years. It was

referred to in despatch of 2803/11 but
the whole arrangement was then explained and
with emphasis personal to the Governor
"not to be communicated until the
S. of S. was able to make a full
announcement"

The rest is work public property
& see as reason why S.A.P. officials
should not now know enough that

The interest arrangement is contemplated

The chief objection is that the Govt.
debated in 1889 proposed very much
more.

more than can possibly be shared
to E.A.P., and it would have been
better if the matter could have waited
till our despatch of 11 May or 4831
had got out to the Protectorate.
