I sent a copy to Vacuum Oil Co yesterday semi-officially - & have ascertained by telephone that they have communicated with their people in Russia: but unfortunately Douglas stated earlier than stated in K/26624, he only says & Kenneth did not tell us either. I understood that the V.O.C. asked them does: however, it

may be possible to stop him  
at Suva.

The V.O.C. also, unfortunately,  
why it took so long to find  
out that an identifier was  
not necessary, as the  
Gov. said at first (telegraphing  
at their expense) that someone  
must go out for the purpose  
(see G.O. 22007/114).

I sympathize with the  
V.O.C. who has been put  
to considerable inconvenience  
& unnecessary expense.

Copy to Kerly, Sorel &  
Kerly for inf. saying that  
it has been communicated  
to V.O.C. who, it is under-  
stood, have already taken  
action on this telegram.

[I repeat inconvenience & expense  
asked Gov. by dis. for

full explanation of his  
action on G.O. 22007/114  
observing as to the great  
inconvenience & the unnecessary  
exp.

Let us add  
nothing

exp. to h. his action  
has put the V.O.C. -  
copy of tel. a 27/7/40  
for inf.

Possibly some further evidence as to identity  
has turned up in the Post.

In view of this taking pains I suppose the  
witness must be stopped if possible,  
but it is to be cheaper for the Gov. if he  
were to proceed to S.A.P. & give evidence  
so then his expenses is to be paid by  
the Mission Govt (if my recollect  
on 2330b).

We could not, however, ask the Mission Govt  
to pay any expenses in connection with  
an abortion journey by ~~air~~  
an interested witness who was stopped  
in work & none of our evidence.
