KILINDINI PIER
HANDLING OF GRAIN

1914

28th August

Last previous Paper.

26175

States General Manager has already pointed out necessity of providing facilities when new pier is constructed. In meantime Director of Agric. recommends erection of building to cost \$1250. General Manager is prepared to construct when funds are available. It is probable that it will be necessary to make charge for storage.

Mr. Read

We do not see his previous letter, or the Govt. department for a reply.

It is not clear for what funds it is proposed to devote \$1250 this year. I should be surprised if they look to construct it as a means of the "Deep Water Pier" (which I thought we had agreed was to be a wharf).

No doubt they will take care that it fits in with the wharfage ground plan.

EAST AFRICA PROTECTORATE.

CONFIDENTIAL No. 145.

August 8th, 1914.

513

Sir,

OK
21/8/14

I have the honour to acknowledge the receipt of your Confidential despatch of the 19th of June enclosing a copy of a letter from Mr. P. D. Kinchin on the subject of the provision to be made for handling grain at Vilindini.

The General Manager of the Uganda Railway has already pointed out the necessity for providing ample accommodation for this purpose when the new Deep Water Pier is constructed. In the meantime however the Director of Agriculture recommends the erection of a building sufficient to store some 600 or 700 tons of grain, which is expected to cost £1,250, and he observes that, until this building is completed,

THE RIGHT HONOURABLE
LEWIS HARCOURT, P.C., M.P.,
SECRETARY OF STATE FOR THE COLONIES,
DOWNING STREET,
LONDON, S.W.

completed, the provisions of the Export of
Maize Ordinance 1910 cannot be enforced.

3. Mr. Taylor is prepared to undertake
the erection of this building as soon as
funds are available. As the export rate
for maize is extremely low it is probable
that it will be found necessary to levy a
small charge for storage.

I have the honour to be,

Sir,

Your humble obedient servant,

Alonzo P. ...

GOVERNOR
