States it was intended that service from date of first employment should count for gratuity. Rules as revised are satisfactory and there are no points which require consideration.

*W. Read.*

Reference to 478/12/14 shows that "first employment" is to be taken absolutely - without reference to the date (1903) of having the O.R.P. from the U. R. (see G.O. Circulars to Gov. for the Gov. shows that it is intended that 50 men will have completed 45 years of service in 1919.

The last part refers to the suggestion in Decr/19503/58 that the rules should be revised in the light of actual experience at the end of (37) five years.
