necessary. It thus so,
I told them that unless I

I understood that Lieut. Phelps's
suggestion of a conference was
thought to be unnecessary.
His general proposals have been
accepted, but for all that a
Conference might do some good
in assisting each of us to understand
the other's difficulties. But as those
of us who were in C. E. T. had more
than one conference we have really
fully discussed them as far as we
are concerned. If there is a
Conference any date will suit me.
