The L.F. despatch was sent by the German steamer & - with the rest did not arrive. We have sent out duplicates, & I searched the duplicate L.F. Enclosures are not original & copies are not available. (I should say)

written sub enclosure, as a copy of
the Russian Ambassador's note accompanied
the duplicate [E].

The "supplementary dossier" and
the photographs might have been
important - they still be for all I
know - but E. H. P. has apparently
managed to do without them.

What we need do is to explain the
case to the D.O. so that the Russian
Govt will know what is lost.

W.C.F. 2/9/14

In view of the information given us
by the Govt (22553) I do not think that
the fate of this dossier can now be of
any importance.
