MEDICAL AT ENDANCE OF OFFICERS

States that subject to approval he has sanctioned the payment of two claims for attendance on two officials on Uasin Gishu Plateau where there is at present no Govt M.O. Asks that amt pay be extended to all stations where Govt M.O.'s are not available and on general authority to pay claims a return of which would be submitted yearly.

Mr. Butler.

There can, I think, be no doubt that we should pay the two claims specifically submitted for now. But I would not give the general authority for which the Governor asks without further information, especially as next year we are to have two District Surgeons - Mr. Gifford's proposals which have since been approved - one at Naivasha & one at Uasin Gishu.

I agree, but it seems rather hard lines
to keep the private practitioners waiting for their

send it half-yearly? The list of stations should contain
