Mr Butler

The information given in Chap. VII Military agrees with the report contained in Quarterly Review, K.A.P. Rep. & Intelligence. I have made one marginal note on page 119. The proposed distribution is satisfactory as regards the Europeans but the Govt. Civil officers in Co. A. have, I believe, found their Military Ref. to very useful as I think the Govt. would prefer to have 50 copies for distribution among

his district officers - No doubt the L.O. will expect us to share the cost of producing this report, as we have already done in the case of those relating to the L.A. Colonies.

The military section proper is a very small portion of the whole. It is idle for any one in his office to attempt to check the three hundred odd pages of the report.

Will we do it? I don't know. It is proposed if he has no objection to send the report out to the C.O. for his comments & remarks.

When we do, we can ask him to say what copies he will require.

Capt. White, W.O., came over this morning after speaking to Mr. Butler, & informed him that the C.O. do not check the report, that if W.O. wished it to be checked, it must go out to Col. if however an W.O. authority, not that of C.O., they could subscribe the report without having it checked. He did not say

Mr. Butler.

Capt. Robinson tells me that the W.O. want this back. They are content that it should not go out to Col. from first to be checked.

3 pm. to 2 mo. saying that with ref to note 21 Sept. U.S. ^{repts} ~~understands~~ that it is not ^{been} possible to check the report with the exception of Chap. III, but that he understands that D.M.C. does not consider it necessary that the report should be sent out to Col. for correction. That it is therefore now returned - and to "distrib." say that U.S. concurs except as regards the Gov. of Col. ^{supra}, who shd. in his opinion receive 30 copies each, as these military reports have been found useful by Civ. officers in other cases.

The Director of Military Operations presents his compliments to the Under Secretary of State for the Colonies and begs to forward, for favour of comments and remarks, an uncorrected proof copy of a Military Report on the East Africa Protectorate and Zanzibar which is in course of compilation.

Brigadier-General Wilson encloses a list giving the proposed distribution of this book as regards the Colonial Office, East Africa Protectorate and Uganda, and will be glad to know if this meets with Sir Francis Hopwood's wishes, or if any further copies are required.
