

I told him that if we thought they really gave him any
 guarantee he was at full liberty to enter in and for
 further ^{expression} ~~activity~~ but that as my own responsibility I was
 not prepared to say anything more.

The reason why we cannot ^{recall} ~~recognize~~ has been unable
 found in the books to 22,384 ⁶⁸. I do not think that
 any report or proposal could possibly be communicated
 to Mr. Lehman, & it seems to me to be one of those
 cases in which we are bound to interfere and
 immediately report for the officer concerned.

I send them as it has a certain bearing on the
 paper in regard to bills to officers leaving the service,
 which is now in circulation.

Yours
 J. H.

Mr. Fuller

I am afraid my tendency will be
 towards telling him that his name had
 not been so satisfactory that we considered he
 had any claims as against my ^{to} ~~from~~ ^{name}
 and that I am to put what construction he likes
 on that. We have no reason to suppose that
 he was such a dandy as he had.

But we are needed now. *Chas. H. [initials]*

I hope you had not any correspondence
 with him lately. *Chas. H. [initials]*
