*Despatch of Patrol to Maragaret*

*Reports. Margaret is a small tribe in Elgeyo Valley. It is the only tribe in that area's unadministered. The matter has become complicated by their refusing to harbouring murderers of a white trader. No real opposition expected.*

W. F. Miles

I have made a shot at the locality on the annexed small map. It is evidently some place west or north-west of Lake Barings. There is a Ravine District (i.e. Eldama Ravine) ~~in the vicinity~~ near ~~the lake~~ <sup>near</sup> the S.E. are ~~at~~ and about 2° South latitude.

The Press has got wind of this. We had better reply that we S. of S. will be glad of a full report by post and further information by telegraph if there is any unexpected development.

No. 261.

An despatching party to look for a small tribe in the Elgeyo Valley between the Elgeyo and Suk. It is the only tribe in the Protectorate that remains entirely unadministered and the matter has become complicated by their defying Government and harbouring murderer of a white settler. Do not expect any real opposition and P. J. J. Commissioner Naivasha who is accompanying them will leave District Commissioner Tavira (M. Tavira - for it) and a few King's African Rifles in the country.
