Mr. Batterbee

Re CO letter 13882/1910 of 30/5  
and 19496/1910 of 19/6. Asst. Engrs P.M.

One of the candidates for  
this appt: wants to take his  
wife out with him. Altho  
we told him it was most  
undesirable, he still says it  
is his intention as his wife  
has been 9 years with him  
in F.M.S. Hongkong, India.

Instead of sailing from  
Marseilles on 18<sup>th</sup> inst. he  
wants to go from South'on  
on 21<sup>st</sup>. Can this be  
allowed if he only draws  
half salary as if he had  
sailed from Marseilles?  
and of course if a reply is  
received from the Port in  
time?

As it is necessary to make arrangements  
at once would you please telephone  
whether we can go on  
H.D.

In view of our recent letter to the  
Co. instructing them to find out from  
all officers engaged by them whether  
they proposed to take out their own  
bits there etc. etc. then with so,  
it is my wish of the Co. not to  
have applied to us before that his  
officer wants to take his wife and  
children home, and I think that  
he should tell them so officially.  
As I am here to tell a receipt  
to him, if he can't see them  
from the presence of this is my  
opinion to his home.  
I submit draft to [unclear]  
There is no objection to his taking
