Provided that the W.A. is satisfied with the present arrangements for W.A. Nurses. I think E.A. should come with him

- 2. authorize C.A. to pay 3rd class rail fare for P.A. Nurses
- (a) on return to their country on leave
- (b) on all occasions when visiting the M.A.

~~arrangements~~
 & tell the Gov^{rs} of the P.A. Pte where there are nurses, (a) what the arrangements are, (b) that nurses may claim on arrival in the Pte the cost of 3rd class rail fare (nothing else) to port of embarkation on ~~arrangement~~ return to the Pte

[I cannot help feeling that the arrangement by which W.A. Nurses claim on the Pte is rather awkward, as the Pte has no means apparently of checking the claim. Had not the W.A. practice been fixed & presumably in satisfactory working order, I should have suggested that the C.A. should pay for the fare to the port of embarkation on return to the Pte]

It is not clear to nurses & I must think that are at all for or even AF

27th October, 1911.

Sir,

With reference to semi-official correspondence regarding the payment of travelling expenses of nurses appointed to the East African Protectorates I have the honour to state that the practice in force in the case of nurses appointed to the West African Service is to pay claims for their travelling expenses (3rd class railway fare from port of disembarkation to destination) on returning to this country on leave of absence and when required to present themselves for medical examination while on leave in accordance with instructions contained in the Secretary of State's letter No. 17640/1904 of the 14th of June 1904. We have also received semi-official instructions (a copy of the minutes is enclosed) to the effect that on return to the Colony after leave of absence nurses should claim their expenses on arrival in West Africa. I would also refer

you to the Secretary of State's letter 3036/1902 of 19.2.03. It is the present practice with regard to nurses appointed to the East African Protectorates to pay their expenses to the port of embarkation on first appointment, but we shall be glad to receive the Secretary of State's instructions as to the payment of claims for travelling expenses (a) on return to this country on leave of absence

C.O.

C.O. letter 17840/1904 of 13th June 1904 authorises payment of travelling expenses to W.A. Nurses on their returning to England on leave of absence. Does this apply to their expenses from leave to Liverpool when going back after leave of absence or is there separate authority for this and if so can you let us know the date etc. of your letter ?

Mr. Darnley.

On consideration, I don't feel inclined to suggest any alteration in the expenses allowed to nurses. The C.A. tell me they usually give a nurse about 25/- for a third class fare to Liverpool and vice versa, which seems to me sufficient.

? Perhaps you would like to raise the point yourself.

(Intld) J.R.W.R. 9/1.

Mr. Warde

We told the Governors that nurses would be left to claim their fares to the port of embarkation, on return after leave, when they arrived in West Africa. We do not seem to have informed you of this, but you might now act on it.
