Mr. L. Lukson

about for re employment

allinister

Mr. Lukson

Mr. Lukson called to see me this morning, to
ask for reemployment

He has been two years in Australia, trying horse breeding,
has not made a success of it. There just concluded

I got hold of his previous papers, & reminded him of our
previous interview (24-12-08), & of what I told him at it.

He was inclined to dispute what I said, & told me

he had understood that he was put off because there

was no immediate vacancy, but that he had a chance

on the occurrence of suitable vacancies. He said he had
allinister

I repeated that I thought there was no hope of

reemployment, & when he asked me if there

was anything against him I declined to answer.
