Certificate of Service

W. Butler

This certificate supersedes appointment terminated by CO upon & by reason of being invalidly made suffering from climatic effects. In my letter of 14 Dec (No 30967) we said that he ought include in his Certificate a statement to the effect that his appointment in the past was terminated as a result fraud and I am inclined to think to that, though I notice that he

I know in his report of 19<sup>th</sup> Aug 1907 (270)  
would appear to correct his medical  
history & refer to the doctor. But  
the present con suggests to my mind  
a suspicion that he is still not quite sane  
I think that he must be content  
with his own signature & I would  
oppose his seal. I am aware of an  
precedent for the latter. Place in  
envelope in green paper *MSB* 20/11

There was some doubt (on 3/9/11)  
whether we ought not to give a prospective  
employer more indication of Mr Hammer's  
mental state than is afforded by  
medical grounds. I would certainly  
not substitute a phrase which is  
evidently designed to lead the  
thoughts of a would be employer away  
from insanity or anything of that  
kind, which would probably have  
the desired effect. You would

affix the office seal. It may be  
numberless but it is at least 6

in this.

It is not at all further than to say  
"on medical grounds" that even is  
stretching a point. And he can't have  
the seal or the signature of the S.P.S. It  
will not do to make a precedent.

Write & explain that the  
seal & letter in the form we are prepared  
to sign (He can have a copy made on  
parliament if he likes)

Mr RBS Lewis visited London agent  
for Leach & Pratt, Manchester,  
called on me this morning with  
reference to Mr Hammer. I was  
obliged to tell him in confidence that  
Mr Hammer had broken down  
mentally, but that I believed that  
his illness was due to the climate  
& that so far as I was aware he  
had recovered. I added that I did  
not say if this information  
operated against him in reference  
to an aff<sup>r</sup> being given him by Leach  
& Pratt. Mr Lewis thought that  
it was not & said the matter would  
be treated as strictly confidential

I have seen Mr Hammer today - he came  
to ask if there was now any prospect of  
reemployment.

In view of  $\frac{18240 \text{ \& } 18963}{10}$  - I told him

there was in my opinion none at all (I  
hope he will apply officially but he may do so)  
I will follow - but his appearance appears  
to me to confirm the wisdom of the  
decision come to in 1910. He looks  
far from strong
