Mr Read

I suppose there is ... was to be said

I do not like the idea of letting the Company pay for the official telegrams. Questions like this crop up as a matter of course in connexion with concessions, & the mere fact that a Company is willing to pay for the cost of telegrams does not necessarily justify as in letting them do so. In this case Mr B. of B. had to consult

Mr 15 Jan 1911

Sir,

1127/1911.

East African Estates, Limited.

We have seen our clients with reference to your letter of the 13th inst.

They have received a telegram from Colonel Cass Thomas their Manager that he thinks it would be best, after all, to erect the Bacon Factory and plant at Limuru in accordance with the terms of the Lease, and not at Nairobi as recently suggested.

The Directors have asked us to write and thank you for your offer to comply with their request and to express their regret for the trouble which they feel they have given you in the matter. They would like to be allowed to pay for the expense of the telegrams and any other expenses which the Colonial Office may have incurred. If you will let us know the amount we shall be happy to send a cheque.

We are, Sir,

Your obedient servant,

The Under Secretary of State,
Colonial Office,
S.W.
