Sir,

In reply to your despatch No. 698 of November 30th last, I have the honour to transmit herewith a list of the various Institutions and Scientific bodies to whom a copy of the Nairobi Laboratory Reports is being sent.

2. As we have a number of spare copies here it would appear to be unnecessary to incur the additional expense of striking off an extra 30 and I am therefore sending you that number under separate cover in order that they may be available to supply the requirements of suitable applicants, who are not included in our list.

I have the honour to be,

Sir,

Your humble obedient servant,

GOVERNOR.
