Postal Establishment.
Main being cheaper than both Denton
and Mayle, suggests offering him
app't with commencing salary \$130
with good prospect of early promotion.
Staff will thus be clerks & postmen.

W. Butler.
we may as well try this, though
but may refuse, having been
sounded for a \$160 post.
As clerks on \$160 are reasonable but postmen
on \$130 are not. I suppose that
we must get [unclear] for the secretary [unclear]
they cannot possibly object so long
as we keep [unclear] here [unclear]

Mr. Smith

Sir,

I am etc. in reply to receipt
of your letter 10332/12
of the 16th of April
relating to a vacancy
for a Male Postal Clerk
& Telegraphist in I.A.
& to request that, if the
P. only sees no objection,

Posting Clerk & Telegraphist
at Auckl.

the salary of the asst.
is stated in the enclosed
letter to be £730 instead

of £750, the figure
now in the letter

from this date
30th of March.

The reason for this alteration
is that, in view of the
fact that Mr. Main is

only 24 1/2 years of age,

and has been in the G.P.O. for 10 years,
it has been considered by telegraph, considering it
is a reasonable and desirable

to give him an asst.
salary of

£750

It is suggested that
this amount be placed
in the hands

of two clerks who
recently put up the recommendation
