Mr. Read

I thought it well to have the same (which came to me yesterday) registered separately for convenience

We have no figures to the estimated cost apart from the figures inserted in next year's estimates but it is desirable that we should get the matter put on a definite basis soon and I think we should put the matter before the

Mr. Reed

I do not think at any of the better
 than follow the scale suggestion &
 for the in the enclosure to say
 detailed No 529 of the 26th Feb
 last, with the following: *months intention*
 I think I would take out altogether, the
 some being unnecessary as they are
 already done and
 for the same officers and as such
 Commission & the same times of absence
 nearly an entire bed room should be
 furnished, as there have been
 bed rooms & it is desirable in their
 opinion that they should be able
 to accommodate a written officer
 or guest, & as often happens, two
 officers may have to double up
 in the house -

The same furniture to be that
 allowed would be

- 1 Bed complete
- 1 Wash stand & dressing
 dressing table
- Commode

2 table chairs
 1 Porcelain Chair
