FOR CAP.
2939

London 5 January 1908

Sir,

In para. 32 of the
letter from this Dept. of
the 12th of March last,
concerning the draft estimate
of the E.A.P. for the year
1907-8, the Lords Commissioners
of the Treasury were asked
to approve of the
estimate of £ 8,039 for
the Forest Department,
on the understanding that
the items of expenditure
would be open to
modification on the
receipt of Lord Al. Hatch's
report on the reorganisation
of the Dept.

Ans. 11761

Verbal instructions

W. Hatch's 6 June (20518)

For the
Revised Estimate
(enclosed 2939)

2. I am now to direct
by the Earl of Elgin to

Lordship that the late
draft drawn up by
Hutchins contemplated
an expenditure of £12,734,
of which £4,000 was
expected to be available
on Uganda Railway
and in respect of
management and
working of the railway
etc, and the balance
£785 was to be met
out of savings or other

amount of which is
enclosed

of expenditure. The
Lordship considered the
estimate, and it was not
until a later date that
attention was drawn
to the fact that there
was no item in the
estimated expenditure
for the railway for which
the sum of £4,000
was to be available
under the circumstances.

The contribution for the
Uganda Railway was
found to be £4,000
available for the

16
Lordship had to consider
whether the ^{proposed} Forestry expenditure
could not be revised so as
to avoid any excess on the
gross authorized expenditure
of the Protectorate for the
year and at the same time
to avoid crippling the
work of the Dept, which
has been shown by the
reports which have
been received from Mr
Hutchins to be of the
greatest importance to the
Country as well as the
Dept in respect of the
maintenance and the
development of its forest
resources.

4. He accordingly informed
the Governor that the general
question of the general
organization of the Forest
Dept must be deferred
until the Estimates for
1908-9 were under consideration
but that he would

prepared to ask their Lordships
to sanction the increase of
the expenditure during 1807-8
from £8,039 to £10,000
provided that the same
could be met either from
savings or head 24 or from
several savings. It has been
ascertained that there will
be no difficulty in arranging
provided that the
deficit on the
revenue is met,
their Lordships have
unanimously agreed, & of
plus balances.

The Government was asked
to supply a revised
estimate showing how
the expenditure of £10,000
could be supported
by the estimate which has
been received in substance,
their Lordships will
be that the reduction
in the expenditure to be
met partly through a
reduction in the proposed
expenditure and partly through

of the staff could be
been deferred and that the
scope of the
operations of the Department
has been
has recently been
restricted during the great
part of the year.

17

DRAFT.

6. His Lordship will be
glad if the Lords Comptrol
are able to report their
approval of the
in the expenditure to £10,000
at an early date.
