Native Labour
Disturbance by Colonists

Reports having held a meeting of Colonists to consider question. Meeting apparently ended amicably, but later about 50 settlers headed by Lord Delamere & Baillie visited Jomo Kibondo. Leader nearly conciliant & proceedings almost uneventful.

? Telegraph approving of his action & saying that Lord Elgin concurs with him. Thinking that the 2 unofficial members of the Legation Council acted most improperly in taking part in the demonstration, & that it appears to be a question whether they should be allowed to retain their seats on the Council but that he will no doubt deal with this point in his despatch on the subject.

Most Urgent.

No. 68 23rd March.

A large meeting of colonists was held to-day convened by me at which I presided to consider question of labour. Large number of speeches were made, mostly of a temperate character, and on the motion of Delamere certain propositions were agreed to unanimously by colonists present. I gave a sympathetic address at opening and in conclusion referred to questions raised dealt with main points and promised to consider most important. Leading proposals were immediate withdrawal of labour rules fully approved by Under Secretary of State for the Colonies formation of central board to frame new rules, separation from native affairs of labour bureau and appointment of Secretary for Native Affairs from an outside Colony. I thought that meeting ended satisfactorily and amicably. In the afternoon about fifty settlers repaired to Government House headed by Delamere, Bailie also was present. On being asked by my Aide-de-Camp what they wanted they stated that they insisted on seeing the Governor and refused my invitation to two or three of the leaders to enter Government House. I then met them outside and attitude of Delamere was most truculent and aggressive.

aggressive. He and his followers insisted on definite and immediate reply to motion carried in the morning. I declined to do this on the spur of the moment and I said to them that I would reply to them in my office tomorrow morning, remarking at the same time on the extraordinary nature of their proceedings. Belasare and his followers were not satisfied with this and as they went away greeted me with shouts of "Resign" "Resign". The whole of proceedings showed unseemly illwill towards the Government of Protectorate and I consider that the two unofficial members of Legislative Council acted most improperly in taking part.

SADLER.
