The 13th March
The East Africa
Secretary

I am of opinion that it is
time to consider the
general situation of business
both in the States, the
territories that have been obtained
& the prospects this part of
the National policy will be
the future -

The future state in this the
nation & shall address some
matters at length as soon as
I am in possession of the facts
towards which my inquiries
are being directed.

I have the honor to be
with the highest respect
Your friend
