on 6/7/06 he wrote a letter from

was official rather than ~~otherwise~~ ^{personal} performance.
He had better write out for a report on

it helps very much.

To the Under Secretary of State
Colonial Office
London S.W.

Sir,

I have the honor to ask you
if you would please tell me the
reason for my recall from the
East African Protectorate in 1906,
which, a letter from "Commissioner's
Office, Nairobi" dated July 6th 1906
says "in no way reflects on his
qualifications as a Veterinary Officer".
My reason for asking is that I
would do anything to get abroad
again, and would like to know
whether the case made out against
me is such as to preclude any
further employment at any time.

on my part, under the Colonial
Office. I would gladly go to East
Africa again, even under Italy,
or any other country.

My articles, which appeared in the
Veterinary Record purely professional,
on East African diseases - for example
- Ovine and Caprine Variola
Foot & Fly disease, Some of the worms
affecting animals in East Africa,
Chronic Catarrhal Pneumonia of
Sheep & Goats. &c., show the interest
which I took in my Veterinary work
I am going to visit Professor Sir John
McFadyen's course in January & February
although I was able to attend for
Scar Fever & Foot & Fly disease,
(Gyponosoma) while in East Africa,
where I feel sure I gave an

an impetus to Veterinary work
 during the all too short a time
 I was allowed to be in
 the country

Being you to give this letter
 your consideration

I have the Honor to be
 Sir

Your obedient & humble servant
