Submits suggestion that when the lease of more than one holding is paying proper attention to one of them he should receive special treatment regarding the other & should not be unduly penalized.

(Message)

Mr. Anthony
Reply that while willing generally to the view expressed in the C^o from the Dept. of the P. & F. July, but have a proposal to submit that exceptions may arise in which it would be better policy & equitable to award the special treatment awarded by land holdings - but this had been done at that time the point is as to be legislated for in cases most varying & different cases, & the proposal to lease each case to be dealt with by the local authorities & to send copy of all the cases to the P. & F. L.

SIR,

I beg to thank you for your letter of July 16th. It was not my intention in my letter of June 20th to propose that an individual or Corporation holding more than one lease should be entirely exempted from the obligation of developing both of them in an adequate manner, and I should read Mr Churchill's note "When the Lessee of more than one holding is paying proper attention to one of them he should be exempt with regard to the other", as having the intention to lay down the principle that provided that he is paying proper attention to one he should receive rather special treatment regarding the other and should not be unduly pressed, and I think this would be found of benefit to the Colony as well as to the Lessee, and though I have only my own opinion as my reason for saying so, I should imagine that this would have been the intention of Mr Churchill.

Is it too much for me to ask that attention may be drawn to this point while the New Land Ordinance is under consideration?

SIR,

I beg to acknowledge your letter of August 10th.

I do not think from your letter that there is much difference of opinion between the views of the Secretary of State and myself, but I am somewhat doubtful whether some clause should not be inserted or whether some "instruction" should not be given to the Local Administration on this point.

I beg to thank you for the attention which has been given to this matter.

Yours obedient servant*

 the 2nd

I am directed to send
 of leave back to you
 letter of the 17th July and to
 state that while he adheres
 generally to the view expressed
 in the letter from his office of the
 10th July, he is disposed to
 think that occasional cases may
 arise in which it would be
 better equitable & politic to accord
 the address of more than one lease
 the special treatment which
 you advocate.
