has to be transferred to Cyprus on a higher salary than the £400 he now draws.

He employs merit of seniority & seniority at the time of the Greco flooring outrage last year was not the best merit of the SOF.

The papers, $\frac{50}{2567/07}$, were marked to go to Mr. Harris, but have apparently not been sent to him.

I do not think he has any claims
to transfer, especially as he only
has 2 1/2 years service in SA.

Wife that a note has been made
of his sales but that his flying
can hold out but little
prospect of being able to meet
them - view of these matters
of applications for officers
with greater claims to command
than he possesses.

Mr Logan's remarks about the better paid
posts being given to persons outside the unit
is not justified. No appt. has been
made from outside. The higher
judicial appts since Mr Logan's appt.
I don't know whether he thinks he should have
been appointed Commissioner of Lands, or of Public
Works or President of University.
I don't know what he means about
waiting to go to a healthy place. He is
looking for himself stationed at Nairobi
& it is absurd to say that he won't live
there with a wife & 2 children on \$400
p. m. & a house. As to his coming to leave
does not necessarily for him. He does not
think Mr Logan would
more than \$400 p. m. but it is possible
that the post of Magistrate at
Nairobi requires a higher remuneration.

in order to secure the services of
a good man.

However on 36261 it was decided
that the raising of the pay of
Magistrates to \$400 by \$20
to \$500 should be considered with
a similar proposal for District
Commissioners. Neither increase is
provided in this year's estimates
& in view of the necessity of
deferring them. Estimates at
will be undesirable to making
increase.

There is no need to write to the
Governor as we know his views in favour
of raising the salaries.

You may like to see I certainly
would reply as proposed with a heart-
ily adopted from Mr Ellis's minutes.

Sir

I have the honour to apply for a transfer to some other legal post in the Colonial service of the Crown.

I make this application mainly on the ground of the extremely small salary attached to my present post, viz £400 per ann as Magistrate in the East Africa Protectorate, & also because there appears to be no prospect of promotion in East Africa, the better paid posts being now usually given to persons outside the service. I have referred rather more fully to the question of salary in a separate letter which I have addressed to you under this date.

As I have a wife & two small children, I am anxious to go to a healthy place & should particularly like to go to Cyprus if a vacancy occurs there.

I have the honour to be

Sir,

Your most obedient servant

E. R. Logan

Sir,

I am in a bit of a hurry in reply to your letter of the 10th of Dec, in which you refer to a transfer to some other legal office. ^{Probably illegal} I am sorry you did not let me see the nature of your wishes, but that has been done and I am afraid of being all to meet them, in view of the number of applications for other offices with pending claims to cover the year's fees.

The appointment has been made for outside the Channel service & a higher judicial office in the E. & W. I. Sir John was appointed to the Probate service.

Yours,

(Signed) R. L. ASTORBIA
