Railway rates for imported cattle

Consents to proposed reduction for a year, when a report shall be furnished on the financial & other results as in the case of the reduction of rates for imported sheep.

Mr. Read

I thank the information given by the Prot. that even if the second attempt was made, it is the business policy, but although it may have been better to have further information, I am sorry to justify sanctioning the reduction which is stated to be very little indeed & the railway & other matters will be considered but little considered in the same conditions.

Sanction reduction on the same conditions as in the case of sheep (1/2 or 1/3?)

(The

Mr. Antrobus

I view of the strongly expressed opinion of the Director of Agriculture, who is a person with large experience, I have no doubt that the policy - question is sound.

Proceed as proposed?

TREASURY CHAMBERS,

2240

09.

107 February 1909

Sir,

I have laid before the Lords Commissioners of His Majesty's Treasury Mr. Antebus's letter of the 27th ultimo (2025/1909), and the enclosed copy of correspondence with the Governor of the East Africa Protectorate on the subject of the rates for the carriage of imported cattle, horses, ponies and mules on the Uganda Railway.

In reply I am to request you to inform the Earl of Crewe that My Lords feel considerable hesitation in sanctioning any further reduction of the rates before receipt of the report which is to be furnished by the Manager of the railway after a year's experience of the working of the reduced rates for imported sheep.

Moreover, no statement of probable cost is given, and, as the Secretary of State is aware, they see strong objection to fixing up rates on the railway at amounts which do not cover the cost of the return haulage of empty trucks (as appears to be proposed in this case).

However, if the Secretary of State is convinced that this further concession should be made, as an experiment, in the interests of the general prosperity of the Protectorate, My Lords consent to its being tried for a year, on the understanding that a report of the financial and other results will then be furnished, as in the case

of

The Under Secretary of State,  
Colonial Office.

of the reduction for imported sheep.

I am,

Sir,

Your obedient Servant,

*J. L. Heath*

of the reduction for imported sheep.

2 Feb 1898

Sir,  
I have the honor to  
acknowledge of your letter  
617 of the 23<sup>rd</sup> of Dec. and  
to inform you that the  
proposed reduction in the  
freight on the Uganda Ry.  
for imported bullocks, cows,  
ponies, horses, mares, ponies and  
mules from 50 to 30  
cents per vehicle mile  
has been approved on the  
same conditions as those  
specified in my letter  
No 312 of the 15<sup>th</sup> of  
July last - the cost of  
imported sheep, viz as  
a tentative measure and  
subject to a report being  
furnished as to its working  
at the end of one year  
on the financial and other  
results of the  
experiment.
