My Lords think it possible that the circumstances of the service in British East Africa might make it difficult to maintain a permanent distinction of this kind in the case of Works Foremen, and perhaps the Secretary of State will think it more convenient as well as more conducive to the control of your Department over expenditure to require that provision for all Foremen shall be made and set out under the "Department of Works" subhead of the Estimates.

I am,

Sir,

Your obedient Servant,

*J. H. Heath*
