Report on Settlers Prospects by A. H. Denton

Paper

See base for day to be applied
(copy cover enclosed) for liberty to reproduce
any objection.

(Minutes)

Say that there is no objection
provided that the last sentence but one in
para 2 of the at once
Report on Settlers' Prospects is omitted,
explaining that this
is necessary to think that
the statement in the
new expressed in the
sentence is too favourable
& that it is therefore undesirable
to give it a wide circulation
as it has already seen.

HIS MAJESTY'S STATIONERY OFFICE,

25th January 1906.

SIR,

8704
With reference to your letter of the 17th November last, I have the honour to acquaint you that a letter, of which a copy is enclosed, has been received from *The Mombasa Trading & Syndicate* asking for permission to reproduce *Mr A Lenton's Report on Settlers' Prospects in the B.E.A. Protectorate*

The practice has been, since the concentration by Letters Patent of Government Copyright in this Department, to ascertain in each case to which permission to republish is asked, whether there is any objection on the part of the Department for which the matter was originally published to the republication proposed, and if not, to grant subject to certain general conditions the permission asked for.

I shall be much obliged if you will have the goodness to inform me whether there will be any objection to the permission now asked being granted.

I have the honour to be,

Sir

Your obedient Servant,

R. S. S. S.

Sir,

On the advice and instructions of the Colonial Office, we take the liberty of applying to you for permission to reprint Mr. A. Linton's Report on Settlers' prospects in British East Africa Protectorate in our own publication on East Africa, called 'Verb. Sap. on going to East and Central Africa, Uganda and Zanzibar, and Big Game Shooting in East Africa.'

We should also be obliged if you would kindly grant us the loan of the blocks for the illustrations accompanying this Report, and it is certainly in the interests of the Government that the advantages of the country are brought before the British Public.

We may add that we shall include in our publication the report at our own expense, and that the publication will be of about 20,000 copies.

We are, etc.,
