Minute by the Secy as to app't of report to report on

(Name of)

Mr. Antrobus

Secretary  
15313

See minute attached. I think that it will be good economy in the long run to proceed as proposed. It strengthens our hands immensely <sup>and</sup> to have a scheme prepared by so competent a man, <sup>as Mr. Smith</sup> + we shall thereby probably be saved a good deal of costly + useless experimental work by less capable men.

For Mr. Read and I both saw Mr. Smith when he was in England, and, if he can get away, he will be glad to go.

*Registered*

On the 29<sup>th</sup> Jan of our letter  
 to the Treasury on 3854 and  
 in our def. to the Comr. Hoops &  
 30 March on 9958 we notified  
 the P. & O. intention to appoint  
 an infant to report on the liquidation  
 -red def. of the S. A. P. Nothing  
 was said about the reason for  
 which we had to find but I presume  
 that the charge could be met by  
 savings on the liquidation and  
 the details of which are not submitted  
 to the Treasury.

In your minute on 3854 you recom-  
 mended that we sh. have  
 the services of Mr. Smith director  
 of liquidation in the Trust

We add accordingly telegraph to  
 Lord Pembroke that if he can be  
 spared say for 3 mos including  
 (including time spent on foreign)  
 offering £400 + expenses, saying  
 he'd go as soon as possible if he can't  
 be spared at all. He is recommended say  
 today etc. 7/27/4
