Mr. Read seems ground for modifying
the decision on 45,353, which was
not based merely on the injury

the question is whether it is worth while

tell him our opinion that it is not worth
pursuing that after careful consideration

In reply to above

I have the honour to inform you that the injury to my knee does not appear to be "chronic", but was due to the torn cartilage having adhered. The adhesion has now been broken down and the knee is recovering strength rapidly under treatment.

I have therefore the honour to request you to allow me to present myself to Sir Patrick Manson with a view to further employment, as soon as my Medical adviser considers that I am fit for duty.

I have the honour to be, Sir,

Your most obedient humble servant
