LAND

MAIZE: We have registered for sale up to 25,000 acres of the best time made land—well watered, on rail, with excellent drainage. Excellent fruit soil. Average return for past years show a real rental return on purchase price asked.

COFFEE: We can offer properties, highly developed, the revenue from which will return 10 to 20 per cent. to 10 per cent on the purchase price asked.

RUBBER: We are instructed to sell a large property, carefully laid out under expert supervision, with 100 to 200 acres of the finest possible large rubber supply, and provided with every facility for producing a very large amount of latex. The net revenue provides a return of approximately 10 per cent on the purchase price from date of sale.

OUR REGISTER: Gives the lessee a comprehensive summary of the properties for sale in each District, large or small, and the history thereof.

CONGO LABOUR PROBLEM

The summary of the report of the Commission on the Labour Problem in the Belgian Congo which we published early above that there are many points in labour contracts that strongly favour the development of any country where there are no regulations of the labour supply superimposed by the Government. This is the position in the Congo. The Commission on the Labour Problem in the Congo, in its report, has found that the labour supply is in excess of the requirements of the country in various ways. The Commission has found that the labour supply is in excess of the requirements of the country in various ways. CORRESPONDENCE

(Continued from Page 2)

It is necessary for the Government to take the first of all to take an interest in the country before a healthy one...

Many people write especially those residing in Ladang, who are thinking that Ladang is land taken from the Masai which had been occupied by them from time immemorial...

It is certain to be a very profitable venture for the Government to take the first of all to take an interest in the country...

Further, even if the Masai was an alien, who would go to any extent to molest a man who has been there for many years...

SIAL
The war-time in America and Canada is regarded by the quality of the world's markets. All that has been done so far has been to demonstrate that East Africa can produce an excellent and superior quality of rice and that certain crops do not require irrigation. It is a mistake to think that the quality of rice and other crops is not as good as that of the world's markets. It is a mistake to think that the quality of rice and other crops is not as good as that of the world's markets. and production. However, and for a sufficient number of years that they are able to do this. The knowledge of the quality of the soil will lead to a greater degree of uniformity, and in that sense of the industry. It is not the aim and object of such measures to encourage the quality of the soil and the manner of its use, but to secure the highest quality of the soil and the manner of its use, and to give that which is the best of the industry and the country.

Business as Usual
The fact that the supply of the world's markets is being carried on as usual, and that the quality of the soil is being maintained, is a sign that the industry is in a state of normalcy. THE NEW GOVERNOR. Cape Appreciation.

WARRANTY APPROVED.
The appointment of Mr. Levington as the new Governor of the Cape Colony is a matter of great interest to all those who are concerned with the future of the Colony.

Mr. Levington is a man of high standing and has a wide experience in public life. He is a member of the Executive Council of the Cape Colony and has held various positions of responsibility.

It is believed that his appointment will be a great benefit to the Colony, and that he will be able to bring about a more harmonious and efficient administration.

A WHOLESALE POST.
This is the first time that a wholesale post has been established in the Colony, and it is expected that it will be a great convenience to all those who are engaged in business.

There is really no objection to the new Governor. Every one who is interested in the future of the Colony will be glad to see that the Colony is being administered by a man of high standing and wide experience.

It is believed that his appointment will be a great benefit to the Colony, and that he will be able to bring about a more harmonious and efficient administration.
