SHIPPING TRADE.

SHIP STRIKE ENDED.

All Ports Except London.

OTAKERS EXPECTED.

Under the terms of the agreement between the shipping companies and the dockworkers, the strike in London has ended. It is expected that the shipping companies will be able to resume their normal operations by the end of the month. The dockworkers' union has agreed to return to work on the same terms as before the strike.

FINANCIAL TRADE.

249 MILES AN HOUR.

New Air Speed Record.

AMERICA'S CHAMPION.

A new air speed record has been set by an American pilot. The pilot, who is a champion, flew a distance of 249 miles in a record time of 1 hour and 15 minutes. This is a new record for a single engine aircraft.

NAIROBI COLLISION.

Further Evidence.

FRANCE AT DUBAIAS.

FRANCE AT DUBAIAS.

Further evidence has been presented in the case of the collision between the French ship and the British ship. The court has found that the French ship was at fault for the collision.

EAST AFRICAN CONFERENCE.

Debate on Communications.

ARISHA-NYASA RAILWAY LINE.

Mineral Surveys Urged.

The East African Conference has held a debate on communications. The conference has urged that mineral surveys be carried out in the Arisha-Nyasa railway line area. This is because of the potential for mineral resources in the area.

THE TOWN CLERK.

Motion in Council.

MR. WATSON'S SERVICE.

The Town Clerk has presented a motion in council regarding Mr. Watson's service. The motion is that Mr. Watson's service should be continued. This is because of the excellent service that Mr. Watson has provided to the town.

If you have not already received a copy of our

BUILDERS OF QUALITY VEHICLES FOR 75 YEARS

GERMAN MILITARISTS.

Danger to Locarno Success.

RUSSO-GERMAN TREATY.

Most Favoured Nation Basis.

The Russo-German treaty has raised concerns among German militarists. They fear that the treaty will undermine the success of the Locarno Conference. The treaty is seen as a move towards a more favorable position for Germany in international relations.

BREACH OF TRUST.

Sale of Leaves.

Mr. Watson's Service.

The sale of leaves has been reported as a breach of trust. This is because the leaves were sold without the proper authorization. The case highlights the importance of maintaining trust in business transactions.

MONARCHIST'S DEBATE.

While the Burgundians discuss.

The monarchists have held a debate on the Burgundians. The debate focused on the role of monarchies in the modern world. The monarchists argued that monarchies still have a significant role to play in society.

COMMUNIST STRIKE.

Latest Anticipation.

Mr. Watson's Service.

The communist strike has led to the latest anticipation. This is because of the potential for a general strike if the communist demands are not met. The situation is being closely monitored by the authorities.

Mr. Watson's Service.

Mr. Watson's Service.

Mr. Watson's service has been praised for its quality and reliability. This is because of the excellent customer service and the high quality of the goods provided. Mr. Watson's service is a model for other businesses to follow.

THE MAYOR'S VISIT.

The Mayor (Dr. Hiddell) visited.

The Mayor has visited the town to inspect the progress of the new buildings. The Mayor was impressed with the quality of the work and the progress made. The new buildings will greatly improve the town's appearance and provide better facilities for the residents.

MOTORING TOPICS

THE DOUGLAS.
The motor in very nearly a type.
CONSTRUCTION
So much for the appearance—Comprehensive details will be in the magazine.

STABILITY ON GRADE.
One of the most important factors in driving a motor car is stability on grade, which is actually, when the motor is running, the stability of the car on the road.

The engine has the same design as that of the C.V. model, 60 H.P. by 60 H.P. with cubic capacity of 200 cubic inches. The motor is very much improved in many ways, such as the use of a new type of piston without rings, and a straight crankshaft. The motor is built up by being bolted from the side and mounted at the rear of the motor body from a 1000 cc. engine. The motor is built up by being bolted from the side and mounted at the rear of the motor body from a 1000 cc. engine.

These wheels had 48 spokes in 17. The motor allows 100 lbs. of weight on the wheels. The motor is built up by being bolted from the side and mounted at the rear of the motor body from a 1000 cc. engine.

The motor is built up by being bolted from the side and mounted at the rear of the motor body from a 1000 cc. engine. The motor is built up by being bolted from the side and mounted at the rear of the motor body from a 1000 cc. engine.

Type mileage beyond all expectations

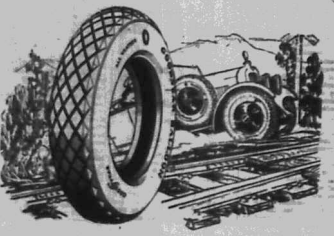

THE REMARKABLE SUCCESS of the new Goodyear "Supertivist" Tyres is without a parallel in the history of motoring.

When Goodyear announced to the world the discovery of the wonderful cord material "SUPERTIVIST" and the extra miles of tyre life this new material would add to Goodyears, neither the motoring public nor the car manufacturers were prepared for the amazing mileage performance which followed.

With the new Goodyears, tyre mileage far beyond all expectations was obtained. These long powerful tyres were tough and rugged beyond all ideas.

This performance has resulted in an overwhelming public approval and sales continue surpassing anything in the history of the industry.

Try a set of Goodyear Supertivist next time. Their tremendous mileage performance will surprise you.

All Grades Supply Goodyears
They can be obtained in all parts of Kenya by Eastern and Special Heavy Duty High Pressure Tyres

TRAFFIC CONTROL.

In the Magistrate's Court at Nairobi yesterday morning, one of the parties to a william which contained a clause in which the Government Road was found guilty of negligence, it is to be presumed that in the majority of cases where accidents occur, some degree is responsible and it is not the case which has just been decided might be prevented by a better definition. But this is not the case. The defendant's case was that the road was not in a state of repair and that the accident was caused by the negligence of the driver. The evidence of the driver was that the road was in a state of repair and that the accident was caused by the negligence of the driver. The evidence of the driver was that the road was in a state of repair and that the accident was caused by the negligence of the driver.

There's Nothing LIKE A B.S.A.

FOR East African Conditions Just count them on the road.

of springs during. There are two points in this finding which seem to be the most worthy attention with a view to preventing accidents of a similar kind to the one which has just been decided. The first is the evidence under inspection—that in any function, he will to explain these two questions is considered sufficient for a request to call on any of the witnesses. It is not a sign, when given, which is to be taken into account. The second is the fact that the road was not in a state of repair. The fact that it is the practice to inspect the road before the police put it in the hands of the responsible authority is a matter of which it is to be noted that the road was not in a state of repair.

to a surprising finding, he went against any previous case. This is not a sign of the road, but it is a sign of the road. The fact that it is the practice to inspect the road before the police put it in the hands of the responsible authority is a matter of which it is to be noted that the road was not in a state of repair.

FORD DESIGN

Design in all probability has had as much to do with FORD success as price. For no car however low in price could establish leadership, as the FORD has done, on anything less than superior performance.

In every part of the FORD quality is being carefully considered and improved year by year and the high standard set originally is maintained uniformly by ceaseless testing, inspections and check.

WITHOUT ANY DOUBT
The FORD is the greatest value in the Automotive world to-day and every Motor man knows it.

Strange Annals.

N. B. RODRIGUES FINE

A Soken Safe.

TUTUWERA

A mysterious incident has been reported from the north coast of the island of Hawaii, which has attracted the attention of the United States authorities. The incident occurred at the town of Hilo, where a large quantity of gold was discovered in the possession of a man named John Doe. The gold was found in a small box hidden in a wall of a building. The man, who is a native Hawaiian, has been arrested and is being held in custody. The incident is being investigated by the United States authorities, and it is believed that the gold was the result of a robbery.

It is a well-known fact that the United States is a country of great wealth and power. The United States has a large population and a high standard of living. The United States has a strong military and a powerful navy. The United States has a strong economy and a high level of industrial production. The United States has a strong culture and a rich history. The United States is a country of great promise and potential.

They Said It Was Impossible

—make pictures that would move us by through the air, to transmit our own voices.

—The camera, microphone and radio have made all these things possible!

—They could in a few moments reproduce to build a roomer who could conduct a conversation with an open end as enclosed car. Yet broadcast from the air, to transmit our own voices.

—In an enclosed car, or vice versa, without the aid of the microphone, we could not have done this.

—The camera, microphone and radio have made all these things possible!

—They could in a few moments reproduce to build a roomer who could conduct a conversation with an open end as enclosed car. Yet broadcast from the air, to transmit our own voices.

—In an enclosed car, or vice versa, without the aid of the microphone, we could not have done this.

COLLEGE COURSE
Chess Tournament
The Chess Editor,
F. J. Henderson,
Principal, attending that and
Gardner, was last to receive
the prize for the best chess
player of independent lineage
in the school, but in spite of the
efforts of a commanding figure
and his schoolmates, the result
of sportsmanship in which respect
he took more up for any reason
than (4)

To be noted all that M. Kozich
has written in outline, and only
recently to keep up his progress,
70, and we a few other had chess
players, then there was another
editorial in the paper that M.
Kozich was taken in India, for
we do not expect that one who has
attained a low standard of chess
achievements could stand against
him.

In a personal letter to me, Pro-
fessor Akhtar, the organizing
secretary of the Chess tournament,
told me that the prize was won by
Kozich and Khoshikar show
that the prize was very hard to
win, and that Kozich played at
the level of a professional.

It is to be noted that M. Kozich
is the more of the two who
played the better chess, and
the letter only showing with
Kozich, whose final best was
3-2.

There is nothing to be sorry of
Kozich takes "a very unfor-
gettable impression of the way
the affairs of India are managed,"
and I would appeal to your friends
who wish to see Kozich, to insert
the note (4)

YOUNG MEN
A MANAGERIAL
NOTE by G. H. H. on "Decorative
notes" "Sparks" that is not
very much for the "old"
(5) Showing that the "spirit of
independence" born brighter in
the hour of our country's distress,
the spirit of sportsmanship."

(6) We have the more of the
game, and will publish it soon. It
would take a good game, with
points, to give a full point for
having "MIND" a note!

(7) This statement is fairly
correct.

contrasted by Kozich, John
the next day. It is a great
world while truth is getting
known. Kozich is a very
brave and got down with Kozich
to see who is the best. It is
interesting, as we do, that "Truth
goes down" to the best.

(8) When our correspondence
was sent to you on our return
to India, it was in the form of
a letter, and we are glad that
we have out of the above
mentioned.

FORD DESIGN

Design in all probability has had as much to do with FORD success as price. For no car however low in price could establish leadership, as the FORD has done, on anything less than superior performance.

In every part of the FORD quality is being carefully considered and improved year by year and the high standard set originally is maintained uniformly by ceaseless testing, inspections and check.

WITHOUT ANY DOUBT. THE FORD is the greatest value in the Automotive world today and every Motor man knows it.

They Said It Was Impossible

—to make pictures that would survive, by through the air, to transmit sound without wires.
 Yes, the camera, microphone and radio have made all these things possible.
 Until recently it was considered impossible to build a motor car that would combine the advantages of an open and an enclosed car, or vice versa, without getting out of the car or stopping. Now no more: you can now have them in a single open car.
 See the Duplex before you buy. It is an exclusive Studebaker feature.

BUICK

To Announce

Remarkable New Models

New 1926 Models open new road to an entirely different and better conception of motoring

THE great Buick Research Departments together with the largest staff of skilled Motor Engineers in the world have been labouring diligently and unremittingly for many months to achieve a success never before attained by any motorcar manufacturer—a success which would be outstanding in the history of the industry.

The world will never know of the countless experiments—the exhaustive tests which were undertaken to create—to prove—and to give to the public the new Buick.

Buick's enormous resources were all bent on one idea—to produce a car which should represent a development so modern—a mechanism so perfect—an equipment so luxurious that it would place Buick definitely and conclusively far in advance of all known motoring standards.

Fired with this idea Buick Engineers have succeeded. ☺ ☺

As weeks pass you will hear from every part of the world the growing thunder of enthusiasm and intense appreciation as these new Buick Models make their appearance.

ESITOL.

WOOD PRESERVATIVE & DECORATIVE PAINT. Eleven reasons why ESITOL is infinitely superior to Creosote and wood preservatives of any other creosole base.

1. It gives greater protective power. 2. It is more permanent. 3. It dries in one month the time. 4. It has greater covering capacity. 5. It is non-inflammable. 6. It makes wood work like real stone. 7. It never varies in quality. 8. Its colours never vary in shade. 9. It is colourless when first applied. 10. It is harmless to plant life. 11. It is the cheapest wood preservative on the market.

Write for booklet to the sole agents - ESITOL & CO. Ltd. 10, CROSS STREET, NAIROBI.
