THE "MATCHLESS."

Description of Two Models.

It is not every motor-cycle who claims that it drives like a car. It is not every motor-cycle who claims to be a modern-day car. It is not every motor-cycle who claims to be a modern-day car. It is not every motor-cycle who claims to be a modern-day car.

For example, a motor-cycle should be designed for a particular purpose. For example, a motor-cycle should be designed for a particular purpose. For example, a motor-cycle should be designed for a particular purpose.

Simply, the fact lies as usual in the fact that the motor-cycle is not a car. It is not a car. It is not a car. It is not a car.

One of the 120 cc. motor-cycles is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

The other model is a 120 cc. motor-cycle. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

It will be recalled that recently the well-known four-cylinder Buick motor-cycle was supplemented by an interesting four-cylinder model. Now comes the announcement of a new Buick motor-cycle.

The new six-cylinder follows the lines of other Buick motor-cycles. It is a Buick motor-cycle. It is a Buick motor-cycle. It is a Buick motor-cycle.

The other model is a 120 cc. motor-cycle. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

The other model is a 120 cc. motor-cycle. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

The other model is a 120 cc. motor-cycle. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

MOTORING TOPICS

AN UNUSUAL TRIAL.

Stashaker with Mileage of Over 50,000.

ALL PRIVATELY OWNED.

The fourth annual "Beverly" motor-cycle race was held at the start of the season in Los Angeles. The winner was a Buick motor-cycle with a mileage of over 50,000.

Every detail of the latest model of the Buick motor-cycle is being studied by the public. It is a Buick motor-cycle. It is a Buick motor-cycle. It is a Buick motor-cycle.

The other model is a 120 cc. motor-cycle. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

The other model is a 120 cc. motor-cycle. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

The other model is a 120 cc. motor-cycle. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel. It is designed to deliver 120 cc. of fuel.

Announcing A NEW SERVICE

**Complete Alemite
Chassis Lubricating Service**
now as convenient as oil
or gasoline service

It takes only 15 minutes to flush out and lubricate thoroughly every vital bearing on the chassis of your car.

Drive onto our rack today and watch the Alemite low-pressure compressor at work.

There are 20 to 60 vital bearings on the chassis of your car. They require lubrication as regularly as the engine, if your car is to function properly as a whole. 80% of repairs on moving parts are due to lack of proper lubrication.

Now you can get complete chassis lubricating service at small cost, as easily and quickly as you have gasoline put in your tank, air in your tires or oil in your engine.

Turn your car over to our experts for regular

A Boxing Tournament

FOR THE ROYAL ON NEW YEAR'S DAY.

The Parklands Sports Club has arranged a Boxing Tournament to be held at the Royal Victoria Golf Club on New Year's Day. The following are the names of the boxers who will take part in the tournament:

Naivasha Week-end

RESULTS OF CRICKET AND HOCKEY MATCHES

During last weekend which hockey matches were played at the Royal Victoria Golf Club, the following were the results:-

Cricket
 British Empire vs. Railway Goans: 110 to 100.
 British Empire vs. Railway Europeans: 110 to 100.

Hockey
 British Empire vs. Railway Goans: 11 to 9.
 British Empire vs. Railway Europeans: 11 to 9.

TRANQUILLITY (76)
 The match was played on Saturday (October 6) at the Royal Victoria Golf Club. The match was won by the Tranquillity side by 11 to 9.

B.R.A. (81)
 The match was played on Saturday (October 6) at the Royal Victoria Golf Club. The match was won by the B.R.A. side by 11 to 9.

STOLEN FRUIT (77)
 The match was played on Saturday (October 6) at the Royal Victoria Golf Club. The match was won by the Stolen Fruit side by 11 to 9.

BLANC MANGE

One result of my visit to War was the fact that the match between the two sides was a very close one. The match was won by the Blanc Mange side by 11 to 9.

STOLEN FRUIT (77)

The match was played on Saturday (October 6) at the Royal Victoria Golf Club. The match was won by the Stolen Fruit side by 11 to 9.

B.R.A. (81)

The match was played on Saturday (October 6) at the Royal Victoria Golf Club. The match was won by the B.R.A. side by 11 to 9.

FILTERS

Strong cemented steel filters in a good grey mottled enamel. These are standardly obtainable and therefore very suitable for India, Ceylon, Hongkong, Hanoi or Siam. The vessels telescope into each other, as illustrated on the right, giving the maximum of protection and accepting the admission of more for travelling.

MOTURING TOPICS

BRITISH MOTOR CYCLES.

Still Leading the Way in Output.

THE OLYMPIA MODEL

London, Sept. 21.—Output figures for the first half of the year show that the British motor cycle industry is still leading the way in output. The Olympia model, which is the most popular, has been produced in a quantity of 1,000 units. This is a record for the industry and shows that the British motor cycle industry is still the most important in the world.

What is to be done to give a big "push" in motor-cycling in the future?

The answer is to be found in the fact that the motor cycle industry is still the most important in the world. It is the only industry which has not yet been affected by the depression. This is due to the fact that the motor cycle is still the most popular form of transport in the world. It is also the most economical form of transport. This is why the motor cycle industry is still the most important in the world.

THE 34 A.L.S.

Description of the New Model.

IMPROVED DESIGN.

The most interesting machine of the A.L.S. range is the new 34 h.p. model. This has already proved its worth in reliability and speed tests, having in the latter respect set the record in the T.T. and having won the French Grand Prix. In most of these events, it has been the most popular machine. This is due to the fact that it is the most economical machine of the A.L.S. range. It is also the most reliable machine of the A.L.S. range. This is why the 34 h.p. model is the most popular machine of the A.L.S. range.

Reviewers with pneumatic tires.

The review of the new 34 h.p. model is a most interesting one. It shows that the machine is the most reliable and most economical machine of the A.L.S. range. It is also the most popular machine of the A.L.S. range. This is due to the fact that it is the most economical machine of the A.L.S. range. It is also the most reliable machine of the A.L.S. range. This is why the 34 h.p. model is the most popular machine of the A.L.S. range.

THE BRAKER

The Braker is a most interesting machine. It is the most reliable and most economical machine of the A.L.S. range. It is also the most popular machine of the A.L.S. range. This is due to the fact that it is the most economical machine of the A.L.S. range. It is also the most reliable machine of the A.L.S. range. This is why the Braker is the most popular machine of the A.L.S. range.

THE ENGINE

The engine is very simple. It is the most reliable and most economical engine of the A.L.S. range. It is also the most popular engine of the A.L.S. range. This is due to the fact that it is the most economical engine of the A.L.S. range. It is also the most reliable engine of the A.L.S. range. This is why the engine is the most popular engine of the A.L.S. range.

THE MOTOR

The motor is very simple. It is the most reliable and most economical motor of the A.L.S. range. It is also the most popular motor of the A.L.S. range. This is due to the fact that it is the most economical motor of the A.L.S. range. It is also the most reliable motor of the A.L.S. range. This is why the motor is the most popular motor of the A.L.S. range.

NEW MODELS

Of new models, there are many. It is the most reliable and most economical model of the A.L.S. range. It is also the most popular model of the A.L.S. range. This is due to the fact that it is the most economical model of the A.L.S. range. It is also the most reliable model of the A.L.S. range. This is why the new models are the most popular models of the A.L.S. range.

The New Buick has arrived

See it to-day

Once you have driven the security-five mile-an-hour Buick.

Once you have taken it over some particularly steep hill—in high gear—gaining speed all the way.

Once you have experienced the way it assumes the lead in traffic.

Once you have checked its economical petrol consumption against your friends' cars;

Then you will realize that the new Buick for 1926 with its super-powered Valve-in-Head engine, gives you power—speed—and responsive performance like no other car you have known.

Women drivers particularly will be enthusiastic over these wonderful new cars. The steering is amazingly light, the clutch and brake pedals require only the lightest pressure, slipping the clutch banishes forever the danger of night driving, gear changing is practically eliminated.

Here's the Wheel cap you can't lose

The large wheel cap that covers the face of Gibbs Shaving Cream is the best perfect form to a necessary product which is backed by the reputation and knowledge gained by 210 years' experience. The wheel of all about the face of hair-remover, the right size for a man's beard, to give it a ready, to ready.

Gibbs Shaving Cream is made in an entirely new principle and contains a liberal quantity of germicide. The result is a kind of soap miraculously softened and a skin-moist as a child's, and as soft and refreshing as newly-minted soap with odor.

By today the "Gibbs of Shave" is the most perfect shave you will ever get.

PHOTOGRAPHY. E. DOBBIE, OPTHELMIC OPTICIAN, GOVERNMENT ROAD, NAIROBI. LAWRIES STUDIO, Nairobi. P. O. Box 684. GOVERNMENT RD. Nairobi. Address sheet developed printed and designed.

SUPERTWIST was conceived by Goodyear and named by Goodyear, and is used only in Goodyear Tyres.

Unlike any other Tyre

For they are made with "Supertwist"

SUPERTWIST is the extra-elastic, extra-durable cord material developed by Goodyear expressly for the balloon tyre. Like the new-type tyre itself, SUPERTWIST is made to absorb the shocks through a stout springiness, rather than to resist it purely through strength.

When a Goodyear Tyre made of SUPERTWIST strikes a stone, the elastic cords give to the impact—yield, stretch and recover—like rubber bands.

Elastic, easy riding and easy steering, today's Goodyear Tyres made with SUPERTWIST are also a marvel of endurance and economy.

And Goodyears are the only tyres made with SUPERTWIST.

Goodyear Motor Car & Lorry Tyres and Tubes
Obtainable at all Garages

Goodyear Means Good Wear

GOOD  YEAR

CAR SEAT COVERS
From Shs. 7/6 to 14/- each

Announcing A NEW SERVICE

**Complete Alemite
Chassis Lubricating Service**
now as convenient as oil
or gasoline service

It takes only 15 minutes to flush out and lubricate thoroughly every vital bearing on the chassis of your car. Drive onto our rack today and watch the Alemite ton-pressure compressor at work.

There are 20 to 60 vital bearings on the chassis of your car. They require lubrication as regularly as the engine, if your car is to function properly as a whole. 80% of repairs on moving parts are due to lack of proper lubrication.

Now you can get complete chassis lubricating service at small cost, as easily and quickly as you have gasoline put in your tank, air in your tires or oil in your engine.

Turn your car over to our experts for regular

ALEMITE
