OUR WOMEN'S PAGE

A Letter from Paris

(From PARIS CORRESPONDENT.)

As an admirer of our fairer sex and with all my admiration for the beauty of a higher race, I cannot but be attracted by the new fashions for all our French friends.

The preparation and treatment of the hair is the first thing to be considered. The hair should be washed with soap and water, and then dried with a towel. It should then be combed with a comb, and the ends should be smoothed with oil.

On STORMS IN TRACHTS. My little Miss is charming. She is a perfect little angel. She is very sweet and kind. She is very intelligent and curious. She is very obedient and well-behaved.

Frank Fashions. As we stand at the beginning of each season, fresh fashions are being introduced. The latest in dressmaking is the use of light and airy fabrics. The colors are bright and cheerful. The styles are simple and elegant.

Cherish Skirts. The skirt is the cornerstone of a woman's wardrobe. It should be made of a good quality fabric and should be well-fitted. The length should be just below the knee. The waist should be fitted and the hem should be finished.

A PERFECT WOOL YARN. Everybody admires dark shawl yarn and hosiery, but few know the value of a really satisfactory result, especially in hosiery.

For afternoon wear it is still pretty fresh in colored gowns, but the side with satin ribbons is the order of the day.

The most recent styles in women's hosiery has just appeared, and I think it has caught the fashion. It is a very beautiful and elegant style.

Apply this remedy with great care to the face. It will remove all blemishes and give the skin a clear and healthy appearance. It is a very valuable and effective remedy.

For breakfast, the bread should be toasted and served with butter and jam. For lunch, a simple and light meal is best. For dinner, a more substantial meal is required.

A Right Perspective. Never had to depend on hope for a happy dream. The only way to get a happy dream is to have a happy life. The only way to have a happy life is to be happy.

Do You Think It's Easy? It is not. It is a very difficult and demanding task. It requires a great deal of skill and experience. It is a very important and responsible position.

The Paris Diet. It is one of our most famous and delicious dishes. It is a very healthy and nutritious meal. It is a very popular and well-liked dish.

Cherish Mink. Mink is a very valuable and expensive fur. It is a very soft and luxurious material. It is a very popular and well-liked material.
