The Best Protection Against COLDS & CHILLS

At the first feeling of discomfort or stiffness in the head, dress a Peps tablet in an olive jacket and dissolve in your mouth right away.

The potent medicinal germ-free oil of Peps is broken down to vital particles working and dissolving the throat, relieving the lungs, and clearing the sinuses. Any discomfort or congestion is quickly relieved by Peps. The oil is germ-free and is thoroughly tested in accordance with the highest laboratory tests and is guaranteed to be germ-free.

See each bottle for serving suggestions to be had without fee or special charge.

DISTRICT NOTES.

Thika.

[P]lan Ona Over Controversy. It is a matter for astonishment how the many contrary opinions of the various districts keep the Thika Railway project in a state of uncertainty.

Thika.

[W]e all short of rice. That rice without saying, that the coffee is bearing up well, and the news is coming that a very good season was anticipated earlier in the season.

Thika.

[A] small accident on a motor lorry. The lorry was carrying a load of coffee beans and was being driven by a driver from the district.

AN ENGLISH GARDEN.

MR. JOHN BOYES.

A Visit to England.

[M]r. John Boyes, says a letter, paper, is visiting England. He is accompanied by his wife and two sons. He is interested in the various objects in the gardens and in the various buildings.

Thika.

[M]r. Boyes returned with much amusement the change that has taken place since his first visit to the Kenya country. The scene and climate have not yet seen any more peaceful but far more...

Thika.

[F]ollowing the price list and conditions for the Agricultural and Horticultural Show to be held at Eldoret, December 17, under the auspices of the Agricultural and Horticultural Society of Kenya.

Thika.

[P]rize list for the Agricultural and Horticultural Show. Includes categories for various types of produce, including fruits, vegetables, and flowers.

UP-COUNTRY FRES.

Saw Mill Gatted.

[T]hree outbreaks of fire were reported up-country which have taken place in the past few weeks. The outbreaks were caused by carelessness in the use of matches.

Thika.

[A] bill private member of British Parliament has been introduced for the purpose of amending the law relating to the sale of land.

Thika.

[T]he population of Thika has increased considerably since the last census. This is due to the fact that the district is becoming more and more settled.

Thika.

[T]he second lot of sheep was sold at the Thika sale. The sheep were of various breeds, including Merino and Leicester.

HIGH WIND.

LIVORU.

[I]nterpreted (English), Livorou is a name for a type of wind that is common in the district. It is characterized by its high velocity and its ability to cause damage to crops and buildings.

Thika.

[A] bill private member of British Parliament has been introduced for the purpose of amending the law relating to the sale of land.

Thika.

[T]he population of Thika has increased considerably since the last census. This is due to the fact that the district is becoming more and more settled.

Thika.

[T]he second lot of sheep was sold at the Thika sale. The sheep were of various breeds, including Merino and Leicester.

KIKUYU SETTLERS.

Committee Meeting.

A committee meeting was held at the Memorial Hall, Nairobi, on Monday, 13th inst. There were present, Major H. C. Morrison, Chairman, Major H. Bennett, Major J. W. Col. C. G. Durban, Major H. R. Currie, Messrs. R. Hudson, Goss and W. O. Tait, The Hon. Mr. W. McCallin Wilson and Captain W. Kirton (British Empire's Association).

Notifications were received from Major Gatskill and Messrs. Geyer and Lensen regarding their inability to attend the meeting.

NAIROBI KIKUYU TRUST.

ROAD.
The Chairman reported that he had seen the District Engineer with regard to this matter and the latter had informed him that a special meeting of the Road Board was to be called and a full discussion would take place on the subject of the proposed route.

FOOT TRAFFIC IN NAIROBI.
The matter was again discussed and the Hon. Mr. McCallin Wilson stated that before he would bring the matter before the Legislative Council he must have a concrete case to put up. It was finally resolved that the Secretary be instructed to communicate further with the Municipality with a view to the state of affairs being reported.

LADRUER.
The Registrar's Analysis of Working Population in Nairobi for the month ending 30th June was passed round for perusal. This stated that with regard to Wazans he was not satisfied they were coming out in increasing numbers.

RESIDENT NATIVES GRANTING.
Major Bennett reported that he had had further correspondence with the District Commissioner with regard to this matter and handed same round for perusal by members.

He further stated that the Chief Native Commissioner's interpretation of the Ordinance and that no further action would be taken relative to the matter.

Major Bennett wished to see on record his thanks to the Hon. Mr. McCallin Wilson for the assistance that gentleman had afforded him in the matter.

LADRUER REBUTING.
A similar letter from Mr. John L. Ebdon in connection with his scheme of re-arranging was passed round for perusal.

BASES OFFICE.
The Secretary reported that up to date 123 replies had been received in this connection. It was intended to send a summary of same to the Office of Public Works.

FUEL OILS.
It was reported that the circular sent out through Public Works with regard to the number of certificates etc. had and an order of 25 had been forwarded to the Local Committee.

INDUSTRY PRACTICES CLIPPING.
A letter with regard to the formation of the Club was passed round for perusal and ordered to be noted.

NOONG POST OFFICE.
Major Bennett reported that the Postmaster General had agreed to reduce the amount of guarantee required from 500 to 250 and that it was now possible for the establishment of this post office. It was not possible for the meeting to take any action in the matter.

Uganda Railway

TENDERS FOR THE SUPPLY OF WOOD FUEL ESCARPMENT DISTRICT.

Tenders are invited for the supply of 200,000 cubic feet of wood fuel for the Uganda Railway from Eucalyptus trees in the Escarpment District.

1. The plantations in which the wood is lying are to be inspected at any time by arrangement with the Forester, Lari Forest Station, Uganda. The whole of the quantity mentioned is to be supplied to the Railway within four months from the date of the first delivery. The earliest date of delivery will commence is to be specified in the Tender.

2. The wood to be supplied free of bark, which bark would become the property of the Contractor.

3. The successful Tenderer will be required to enter into a Contract the terms of which can be obtained on application to the Chief Storekeeper, Uganda Railway, P. O. Box 40, Nairobi.

4. The Contractor must observe such rules and regulations under the Forest Ordinance which may be in force during the period of the Contract, and must pay royalties due to the Government at the rate of Shs. 2 per 100 stacked cubic feet before removal from the forest.

5. The Tenders must specify the price per 100 cubic feet of wood cut to specification and stacked as indicated by the Railway. The price quoted to include all Royalties.

6. Sealed tenders marked "TENDERS WOOD FUEL ESCARPMENT" should reach the Chief Storekeeper's Office by noon of the 22nd October. Late tenders will not be considered.

7. The lowest or any tender will not necessarily be accepted.

G. L. N. YELLING,
General Manager,
Uganda Railway.

Nairobi,
16th September 1926.

SONGHOR and MUHORONI COFFEE and MAIZE FARMS MOUNT CHEMELL ESTATE

This very desirable Estate has been subdivided and is now open for selection on most advantageous terms. Details only few miles from the new Railway siding and situated in a district well known for its coffee and maize, these farms present attractive propositions under their conditions.

Sub-divisions numbers 2 and 3, consisting in all of 1024 acres, have been planted with 80 acres of coffee; 80 acres of maize and 100 acres of buni. The other 800 acres have been planted up for planting with maize or coffee. The farms are situated on the main road between Songhor and Muhoroni, 10 miles from the former and 15 miles from the latter. The farms are situated on the main road between Songhor and Muhoroni, 10 miles from the former and 15 miles from the latter.

Sub-division number 1, consisting of 1468 acres of which approximately 600 acres are coffee and 800 acres are maize. The farms are situated on the main road between Songhor and Muhoroni, 10 miles from the former and 15 miles from the latter.

Sub-division number 5, consisting of 1121 acres of which 600 acres are coffee and 500 acres are maize. The farms are situated on the main road between Songhor and Muhoroni, 10 miles from the former and 15 miles from the latter.

O. K. DAIN, Treasurer. Entebbe, Uganda. Uganda Protectorate. 19th September, 1925.

HAWLEY & CAMERON. ARCHITECTS AND ENGINEERS. [Government] Read. [Newest] Designs.

There are very little thought about it looks out among tanks with extreme violence at the end of the last century. It was at that time that the disease reached the coast of the Indian Ocean and the West Indies.

CAUSE. Authorities differ as to the cause of the disease, but all are agreed that it is a tropical disease.

TREATMENT. Owing to the infectious nature of the disease, it is advisable to isolate all infected individuals.

PREVENTION. The most effective method of preventing the spread of the disease is to isolate all infected individuals.

DIAGNOSIS. The disease is characterized by a high fever, headache, and a rash.

PROGNOSIS. The disease is usually fatal, but recovery is possible in some cases.

PREVENTION. The most effective method of preventing the spread of the disease is to isolate all infected individuals.

TEA IN KENYA.

The growing in Kenya is steadily increasing. The tea industry in certain areas, notably in the districts of Kisumu, Malindi, and Mombasa, appear to be distinctly favourable to the crop; the reports made in London year by year by the tea commission in Kenya were very promising; and the possibilities of developing the tea industry are being examined by an official mission of farmers.

Further expansion of the tea industry in Kenya is being encouraged by the Government, and the tea commission in Kenya is being organized to promote the industry.

SPEECH BY CHANCELLOR.

French Debt to Britain. [UNQUOTE SPEECH'S TEXT] The Chancellor of the Exchequer, Mr. Lloyd George, made a speech in the House of Commons on the 18th September, 1925, regarding the French debt to Britain.

The Chancellor stated that the French debt to Britain was £1,000,000,000, and that the British Government was prepared to advance £500,000,000 to the French Government.

The Chancellor also stated that the British Government was prepared to advance £500,000,000 to the French Government, and that the French Government was prepared to advance £500,000,000 to the British Government.

The Chancellor also stated that the British Government was prepared to advance £500,000,000 to the French Government, and that the French Government was prepared to advance £500,000,000 to the British Government.

The Chancellor also stated that the British Government was prepared to advance £500,000,000 to the French Government, and that the French Government was prepared to advance £500,000,000 to the British Government.

DISMOUNTING.

When dismounting, or in some cases when mounting, passengers are apt to put a large amount of weight on the door to steady themselves, particularly at the extremity of the door, in such a manner that the door is bent and the hinges are strained. This is a very serious matter and should be avoided.

The modern light car is built low, and the seating is accordingly close to the floor, which means that the occupants of the car have to lean from a point a few inches above the floor to get their feet down brightly. In so doing there is a tendency to strain the shoulders and pull in. This is of course a strain which the motorist does not intend to bear, and the result is that the motorist becomes loose on the body of the car, and this is a very serious matter.

This will cause the motorist to strain his neck, shoulders, and back, and this is a very serious matter. It is a strain which the motorist does not intend to bear, and the result is that the motorist becomes loose on the body of the car, and this is a very serious matter.

(Glimming) It is not just wear and tear that causes the car to depreciate, but it is the way in which the car is used. The car is used in a way which causes it to depreciate, and this is a very serious matter.

It is a very serious matter that the car is used in a way which causes it to depreciate, and this is a very serious matter. It is a strain which the motorist does not intend to bear, and the result is that the motorist becomes loose on the body of the car, and this is a very serious matter.

THE HOOD.

Putting the hood is quite an easy task, even if the hood is not fastened to the car. The hood is quite an easy task, even if the hood is not fastened to the car. The hood is quite an easy task, even if the hood is not fastened to the car.

It should be remembered that the number of bolts on the hood is a very important matter. The number of bolts on the hood is a very important matter. The number of bolts on the hood is a very important matter.

Facts About SUPERTWIST

The superiority of SUPERTWIST lies in its greater elasticity. It far outstretches the breaking point of standard cord material. A tyre body made of it absorbs impact over a much wider area, and thus it affords greater protection against stone bruises and like injuries. In other words, it stands severe service. You want the advantages of SUPERTWIST in the tyres you buy.

They spell the difference between doubtful and profoundly satisfactory service.

So marked is this difference that Goodyear now puts SUPERTWIST into all its cord tyres—both balloon and standard size cords.

Being an exclusive Goodyear development, SUPERTWIST is used in Goodyear Tyres, only.

KENNEL NOTES

Margaret Collyer

Miss Collyer, who writes with all pertinence in connection with the Royal Society of Animal Husbandry, is responsible for securing of statements by her subjects in the main, and the information in the 'Notes' is the official report of the Kenya Kennel Club.

I am and fortunate, do let me know, if you wish to be listed in my book, to write their names in my book. I have two letters this week which would be most appreciated. I am sorry that the names of the writers are from a lady who lives in Kenya, and who has imported a brace of very well bred Danes. I have a dog of the same name and name, the other letter is about the name of a dog, which is also named 'Honey'. I have had a dog named 'Honey' which is also named 'Honey'.

A DUNLOP REINFORCED BALLOON COVER

30 x 31 BEADED EDGE RIMS!

The Dunlop Company has produced a new and stronger Balloon Tyre for the 30 x 31 Beaded Edge rim.

This new reinforced tyre is marked "Dunlop Beaded Edge 31 x 4.45". It will be found an ideal tyre for heavy duty, and will meet the requirements of Ford, Durant, Gray, Overland, Isuzu, Chevrolet.

owners who habitually carry big loads, but who yet desire the benefits of Balloon Tyre equipment.

It is good for all of the above cars and by reason of its particularly robust construction, it is better able to withstand the risk of accidental damage than the usual 31 x 4.40 Cover.

THIS COVER FITS 30 x 31 BEADED EDGE RIMS WITHOUT ALTERATION.

Obtainable at all Garages. THE DUNLOP RUBBER CO. LTD. (DEPOSITORS) Nairobi. KISUMU.

held, made by the Somali, who are a very hardy and warlike people, and will, I fear, shortly commence a general warfare, which will probably include the whole of the coast. Were these both true, the use of their coast, and the fertile soil, and wide spaces, the East African Standard could not have the same success as the European settlement could have. The East African Standard could not have the same success as the European settlement could have.

It is in an agricultural point of view, that I am especially interested in this island and its plantation on the present, and I am especially interested in this island and its plantation on the present, and I am especially interested in this island and its plantation on the present.

The Rising Generation

This Family of Fine Study Children

is typical of the nation's best and most prudent households. Each of the nine in this family were reared on the "Allenbury" Food, and their parents are delighted with the results in each case. Study's results, but do not make risky experiments with regard to his feeding.

"Allenbury's"

Infant's Progressive System of Infant and Feeding

to raise the children. For over 40 years these foods have been the standard of excellence, and today they stand higher than ever in the estimation of those who can judge from long experience.

TANGANYIKA DIAMONDS.

Valuable Discovery.

Minerals have been discovered at Mwanza in Tanganyika Territory and subsequent work has led to the use of diamonds valued at one million of francs.

The mine has been discovered by Johannenburg, Germany, called "Tanganyika Diamond" and has a value of £75,000.

It is believed that 150 carats have already been extracted after prospecting in a very small area during the last year.

The largest stone found was 100 carats.

The owners of the mine are Mr. J. H. Johnson, Mr. F. H. Johnson, and Mr. J. H. Johnson.

The mining district of the Johannenburg field is in a most arid area.

The company was registered in the Tanganyika Territory and is a public limited company.
