Reduced Prices
 FOR
Groceries & Provisions

In the past we have offered a discount of 2% for Cash payment and discount of 1% for delivery. But our experience has shown that few of our regular customers can take advantage of this owing to the difficulty and inconvenience of obtaining money. We have therefore decided to reduce our prices on all our regular customers and we have therefore revised all prices in this Department on a strictly cash basis. These revisions come into force from September 1st and our new Price List can be had on application.

We invite every housekeeper to send for a copy. It will be a useful reference when making up a grocery order and as a comparison with prices ruling elsewhere.

It has been agreed that the time is not yet ripe for consideration of any form of federation. The conference has agreed to urge recommendation of the Schuster Committee recommendation not to proceed with the Victoria-Piro Railway.

It has been decided to establish a Conference Secretariat with present headquarters at Nairobi.

A Wide Agenda.

[From Our Special Correspondent]

At the first session of the second Uniflora Conference, today, it was decided that the agenda should cover a wide field. It is believed that the admission of the Union as a condition of the conference will be considered. The following agenda has been recommended on the basis of discussion:

DUAL POLICY. The President, September 4, during the opening of the conference, stated that the first step was to establish a basis for a practical, dual policy. He said that there was a need to study the situation in the light of the key to policy and to build the first step on the basis of the first session of the Conference.

The first session of the Conference was the reading of a message from H.R. Sir Donald Stewart, Governor of Tanganyika, Kenya Conference of African States, Nairobi, Kenya, August 1953.
