Pedley Notes.

LEUKOEMIA IN PIGS.
A few days since a piglet of the variety which I had given to me for the purpose of studying the disease known as leukaemia, was brought to me by its owner. It was the first case of the disease that I have seen in this country and the subject was given to me by its owner.

Attention has been drawn to this disease chiefly by the brilliant researches of Hirschman and Sang in Germany, and by the work of Hirschman and Sang in Germany and of Hirschman and Sang in Germany.

SYMPTOMS OF LEUKOEMIA.
The signs are usually very slight. The carcass and skeleton are normal, and the disease is usually very slight.

Are you handicapped by high transport cost?

TRADERS and manufacturers who use the 30-cwt. Albion are finding that its low transport cost makes an immense difference and a direct one.

Records kept by the owners of motor fleets prove that savings in transport cost amounting to hundreds of pounds are being effected by gradually replacing their less economical vehicles and replacing them with 30-cwt. Albions.

The 30-cwt. Albion is undoubtedly the cheapest to run of all vehicles of similar load capacity and speed. It has the advantages of superior load length of chassis, low maintenance costs, and is so adapted to common use that it is the most economical motor vehicle on the market.

ESSEX

A Six—Built Under Famous Super-Six Patents

For any closed car you will pay almost as much

selling "Six" in the world. That volume permits
economies, which are passed on to buyers in a
price way below any rival.

Tanganyika Provinces.

NEW SYSTEM COMES INTO FORCE.

The Tanganyika Official Gazette contains the Proclamation dividing the territory into Provinces and the Provinces into Districts. The Provinces are—Central, Tanganyika, Northern, Southern, Morogoro, Mwanza, Tabora, Tanga, Pemba and Zanzibar. This arrangement has necessitated the appointment of administrative officers and in this connection a Bill has been prepared to provide the necessary legal machinery for the appointment of Provincial Commissioners and other officers.

Old before your time!

To be sure, nothing your life is made for? Do you feel that you are getting on? Then you should suggest the kidneys! The kidneys, if weakened by colds, coughs, or by some unusual strain, do not convert the blood into pure blood. It is then that your muscles, joints and nerves ache, your vision and hearing fail, your back and limbs begin to ache. You need some systematic treatment and something like Dr. Williams' Pink Pills. This special kidney medicine has brought new life to thousands, and should be just as helpful to you. Then, when you get well, an occasional course of Dr. Williams' Pink Pills will keep you well. Advertisers Don't say you're better.

THE EAST AFRICA LOAN BILL POSITION.
The Men Who Will Decide Priority.

(From Our Own Correspondence.)

The East Africa Loan Bill was introduced in the House of Commons in the King's speech.

It is interesting to note that there are no authorities on the subject of the development of the British Empire in the world, and that the bill is a measure of unassisted territories.

The bill is a measure of unassisted territories. It is a measure of unassisted territories. It is a measure of unassisted territories.

For this purpose, a committee was appointed in 1907, and Mr. G. J. Jackson, who has been the chairman of the committee, has been the chairman of the committee.

It is interesting to note that there are no authorities on the subject of the development of the British Empire in the world, and that the bill is a measure of unassisted territories.

I might add that the Government was not satisfied with the bill in the King's speech, a specific notice to the attention of the House.

It is interesting to note that there are no authorities on the subject of the development of the British Empire in the world, and that the bill is a measure of unassisted territories.
