A PRODUCT OF GENERAL MOTORS LIMITED.

TO-DAY is one of motorized living... movement of increased accomplishment.

Such a motorcar is now here. Certainly no modern development in motor car design so completely answers the needs and requirements of the new-day driving as the new Buick.

Decide now to see and drive this epochal motorcar at the very earliest opportunity.

Nothing will so surely emphasize the vast difference between ordinary motorcars and the new Buick Six as the new delight you, yourself, feel the first time you drive a Buick.

The new Buick has a flashing gleam which to other cars may equal. Its drive will enjoy a rare mastery of the road. Its responsiveness to the lightest touch is amazing. The magical ease with which the new Buick is handled will impress one at once.

You may expect much from the new Buick; you will not be disappointed, for the new Buick is the result of 23 years earnest and painstaking development. The new model Buick has swept past all the inefficiencies and limitations of the motorcar as one has known it before.

Table listing Buick models and prices: Standard Touring \$389, Master De Luxe Touring \$398, Standard 2 Door Sedan \$450.

No other car in the world offers all these important advantages.

- Four-wheel Brakes, Oil Filler, Air Filter, Padded Floor, Completely Sealed Chassis, Cantilever Springing, Dipping Head Lights, 77 Horse Power, Fingers-light Steering, Light Pressure Clutch, Valve-in-Head Engine, Remarkable Fuel Economy.

There are more Buicks registered throughout the world than any other cars except Chevrolets and Fords.

Buick predominance in registrations means extra miles turned in by old cars that would not be running at all if they were not Buicks—built as only Buicks build. The oldest cars in regular operation in East Africa are Buicks. Buick engineering has accomplished this by thinking always of superior stamina and placing it in every Buick part, and then, by placing around that stamina such protection as the famous "Sealed Chamber" and the "Triple Sealed Engine". All Buick operating parts are barricaded from dirt and wear to insure longer life with less upkeep.

Table listing Buick models and prices: Master Touring \$465, Master De Luxe Touring \$520, Master Sports Touring \$498.

Explorers Use This Car Because It Is Dependable

Pioneers and explorers, whose lives depend upon the reliability of the transportation they use, employ Dodge Brothers Motor Cars almost exclusively. Dozens use Dodge Brothers Cars through the uncharted deserts of Central Australia. Dr. Roy Chagnon Andrews, on three different occasions, penetrated the innermost wastes of Mongolia in a Dodge Brothers Car.

This car's dependability is proverbial; and its exceptional riding comfort permits long travel over bad roads without fatigue.

DODGE BROTHERS MOTOR CARS

The Folly of throwing Away Even 5%

If you are prepared to throw you have at least 5% of your total horsepower available and to be used by Corvex-Propulsion.

Would you inevitably throw away—

- 5% of your car,
- 5% of your postage stamps,
- 5% of your ever-increasing?

Our interesting recommendations are based upon scientific and logical engineering calculations in more than 20 years of service to industry in Africa. This service is open to all, from great industries to small individual plants. Scientifically correct thorough guides for every type of engine and motor are obtainable free in Book Orders.

Sanatogen Defeats Fatigue!

Sanatogen enriches the blood and strengthens the nerves. The physician who conducted the experiments referred to above, writes:

"My own experience is that after I have taken Sanatogen for a few days I can do my routine work without any feeling of fatigue arising at any time."

There is no adequate rest that Sanatogen is a healthy nerve food and energizer. Taken regularly, it aids and restores, it will make you do your day's work peacefully without fatigue, and you come to your house of recreation full of the joyous energy of healthy life. Sanatogen explains how and serves with just those changes—pleasant and rapid—through which we are enabled to build up radiant health and vitality.

THE ANNUAL REPORT

The Editor, "The East African Standard," writes: "The annual report of the Nakuru District Council for the year ending 31st March 1920 is now published, and it is a pleasure to note that the Council has done much to improve the welfare of the Colony."

(1) That the Council should be empowered to acquire any land that is available for the purposes of the Colony, and that the Council should be empowered to dispose of any land that is available for the purposes of the Colony.

Solony with their wives and children, and have taken up their abode in the hills. They have sent their children to the school, and many of them have been through very severe hardships and have kept their heads above water.

It would be a serious case of neglect to allow those who are so near to form an opinion that the territory of Uganda was such a waste as it is now. It is a waste of money to have a territory which will not support its own people, and it is a waste of money to have a territory which will not support its own people.
