OIL STOVES
ARE EQUIPPED WITH

LORAIN HIGH SPEED OIL BURNER

This burner generates a clean, blue flame of great intensity. The heat comes in direct contact with the cooking vessel.

The inner combustion tube of the Lorain Burner is made of "Vesuvius Metal"—guaranteed for ten years.

Other features are: A self-adjusting wickless that stops the wick at correct starting and burning point. Improved combustion tubes prevent "blow-outs" from reaching the wick. "LORAIN" wicks give long life and a steady flame. Wicks never need re-wicking is easy.

NEW FULL BURNER.

1. Burner will burn continuously for up to 10 hours in steady moderate flame at a cost for fuel of 22 cents and will bring 2 quarts of water to boiling point in 10 minutes.

DEMONSTRATIONS OF THESE STOVES WILL BE GIVEN IN OUR STORE. YOU SHOULD EXPLORE THEIR EXTREME USE AND ECONOMY.

No. 122—WITH HIGH SHELF AND SPLASHER.

All Lorain equipped Oil Stoves are handsome, sturdy, durable and efficient. Little effort is required to keep them in perfect working condition. The wick seldom needs cleaning. New wicks can be inserted quickly when necessary to replace.

With High Shelf and White Enamel Splasher. (See 222) With High Shelf (as illustrated) (See 223) Price only (See 222) Price only (See 223)

No. 124—WITH HIGH SHELF, SPLASHER AND OVEN.

A handsome oil stove with four Lorain High Speed burners. It gives extra cooking capacity as there are two burners for top cooking while boiling is done in the oven. With oven removed there are four high speed oil saving burners free for use.

With High Shelf and White Enamel Splasher, and Oven (See 224) Price only (See 224)

No. 122.

All oil stoves with Lorain high speed burners are easy to operate. They do not give trouble. A heavy glass tank shows oil supply at all times. The strong hot tank is easy to carry. With High Shelf and White Enamel Splasher. (See 222) With High Shelf. (See 223) Price only. With Oven (See 224) Price only.

With High Shelf and White Enamel Splasher, and Oven (See 224) Price only (See 224)

DISTRICT NOTES.

Members.

[How can You Contribute?]

Members, September 10th. The unexpected collapse of His Excellency the Governor of the Cape at the moment of his departure may be due to the fact that the members of the Executive Council of the Cape have not been able to agree on a budget for the year 1926-27. It is reported that he has made a very important speech in the House of Assembly on the subject of the Government's financial position and general management of the Government. It is stated that he has made a very important speech in the House of Assembly on the subject of the Government's financial position and general management of the Government.

Amusing incident in the case of a member of the Executive Council of the Cape. It is reported that he has made a very important speech in the House of Assembly on the subject of the Government's financial position and general management of the Government.

DOMESTIC GOAL.

The expenditure of £100,000 on the construction of a new road in the district of the Cape. It is reported that the Government has decided to spend £100,000 on the construction of a new road in the district of the Cape. It is reported that the Government has decided to spend £100,000 on the construction of a new road in the district of the Cape.

At present, it is not being held in the district of the Cape. It is reported that the Government has decided to spend £100,000 on the construction of a new road in the district of the Cape.

AGRICULTURAL INEQUALITY.

Considerable local interest in the subject of the proposed of a new road in the district of the Cape. It is reported that the Government has decided to spend £100,000 on the construction of a new road in the district of the Cape.

The Steam Plough

RESULTS OF A RECENT VISIT TO THE EAST

The Hon. Secretary of the Tika District Association has been from the sale agents of the famous Steam Plough Wagon makers, Messrs. J. E. Cox & Co., Eldoret. Trials of this wonderful machine have very pronounced results. A Kanya user reports the following experience:

A test was made over 20 acres on a hard soil. It was ploughed with an 18 inch Moleton plough, and harrowed with 10 in. peg harrow with 11 in. cross-harrows. The total speed was three miles per hour. One acre was used as fuel, and the total cost of forward was 200 lbs. of coal, cost, 40/-.

One test runs 15 miles per hour on level ground, and 10 miles per hour on the hills.

As about the fuel per acre, they worked out as follows:—

First 2.44 tons. Economy speed 2.00 tons. 2000 ft. 1.50 tons. 1200 ft. 1.10 tons. 800 ft. 0.75 tons. 400 ft. 0.50 tons. 200 ft. 0.35 tons. 100 ft. 0.25 tons.

Water 100 gals. per acre. Time 1.34 hours. 2000 ft. 1.14 hours. 800 ft. 0.74 hours. 400 ft. 0.50 hours. 200 ft. 0.35 hours.

Interest on Capital 10 per cent. Depreciation 10 per cent. per annum. L.S. 1000. 7.50 per acre.

The time taken for above work was 1.34 hours. The total fuel particulars will be given to anyone interested by Messrs. Cox and Co., Eldoret.

SENTINEL Portable Steam Engines

RICE EFFICIENCY—Operates on approximately 30 pounds of water per B.H.P. hour, as against 50 to 80 pounds with ordinary types of steam engines. Correspondingly low fuel consumption.

LOW MAINTENANCE CHARGES—Due to the totally enclosed construction of engine above all of wearable metal valves, and to the unique friction water-lubrication.

LOW-FRIST COST—30-30 B.H.P. cost £100. 40-40 B.H.P. cost £125. 50-50 B.H.P. cost £150. (As Kiboko).

PORTABILITY—It is a tons carrying in size. Can be packed in units not exceeding 500 pounds for a small motor car. It can also be applied at lower prices as Road-Portable engines, and as trams without wheels.

SERVICE—We stock simple supplies of spare parts for all Sentinel Workshop, whose engineers trained in the best work, throughout the Empire, are always available. Write for catalogue.

30-30 B.H.P. Sentinel Portable in stock, Eldoret.

Lanz Crude Oil Ploughing Tractors

BETTER AND CHEAPER PLOWING WITH A FUEL COSTING LESS THAN A SHILLING PER GALLON.

We are sole agents in the Tika, Tana, Taita, and Western Kenyas for the LANZ 14-50 B.H.P. FOUR-WHEEL DRIVE PLOWING, and the LANZ 5 B.H.P. PLOWING AND RAUPLAGE TRACTOR. DEMONSTRATION TRACTORS always on hand.

J. R. COX & Co.
Eldoret and at Kampala & Jinja.

Promising Departure.
In production during the week of one of the more important and ambitious of the delightful operas which Sir W. G. Gilbert and Sir Arthur Sullivan have bequeathed to each British citizen, is an event of some importance in the world of the theatre. It is a community—even which will be of interest not only from its practical and artistic merits, but from its merit in its purity of form and its interest in the life of a community which has delighted the ordinary citizen of the West for forty years as an indication of the durability of the drama as an art form.

It is a promising departure in that it establishes in a permanent form a medium for the cultivation of the artistic side of the life of a community which provides the true rivaled of the more promising and more interesting of the dramatic and literary arts.

We have an example of that drama, and the nature of the production in the general support which has been given to the formation and the growth of the Kenya Arts and Crafts Society. The activities of that Society provide an essential balance to the artistic and aesthetic work upon the part of a free community. It is the cultivation of music and the drama, and the theatre in general, which has a direct bearing upon the formation of the character and the refinement of the tastes of the individual citizen of the nation in the making. We have room for that influence in the drama and the theatre, and the public encouragement will be the indication of the progress of the individual and the nation to which we are engaged in an ideal creation.

For the benefit of the younger generation who have not had the advantage of that direct tie and the refining influence of tradition, we must as a community, seek to prepare the best things in the culture of our own people and, in their place, we must find room for the drama and the arts. It is the duty of the community who have adopted "The Yeomen of the Guard" to open with a genuine and of power theatre, either within the limits of his collaborators, which will maintain and encourage the development in that remarkable partnership, that the support which will be accorded to their venture will enable them to lay the foundations of a permanent organization. It is a community which is a new country with talent in limited and scattered, but which is fully equipped with the more immediate things of life, but which will maintain and encourage the development in that remarkable partnership, that the support which will be accorded to their venture will enable them to lay the foundations of a permanent organization. It is a community which is a new country with talent in limited and scattered, but which is fully equipped with the more immediate things of life, but which will maintain and encourage the development in that remarkable partnership, that the support which will be accorded to their venture will enable them to lay the foundations of a permanent organization.

TUESDAY'S CABLES

JAPAN STRICKEN BY TYPHOID.
Great Destruction and Loss of Life.

(London News Service.)
Fifty people were killed in a typhoid epidemic which has broken out in the island of Hokkaido in the north of Japan. The epidemic was first reported in the town of Nemuro, and has since spread to other parts of the island. The Japanese Government has ordered that all foreigners should leave the island immediately. The epidemic is believed to have been introduced by a foreigner who had been in the island for some time. The Japanese Government has ordered that all foreigners should leave the island immediately. The epidemic is believed to have been introduced by a foreigner who had been in the island for some time.

BRITISH GIBRALTAR IN ACTION.
Active Developments in Chinese War.

(My Weekly.)
The situation at Hankow, in China, has been a subject of interest to the British Government. The Chinese troops in the Southern provinces have been heavily defeated in London. The British Government has ordered that all foreigners should leave the island immediately. The epidemic is believed to have been introduced by a foreigner who had been in the island for some time.

MARTIAL LAW THROUGH SPAIN.
King Disgraces Artillery Officers.

(London News Service.)
The Government has announced that it has ordered that all foreigners should leave the island immediately. The epidemic is believed to have been introduced by a foreigner who had been in the island for some time.

NO MORE BAD FEELS

ARE your feet hot, sore and blistered? Do you suffer from corns, bunions, blisters, and all the other troubles that come from wearing ill-fitting shoes? If so, you need **AMBU** immediately. It is a simple, effective remedy for all these troubles. It is made of a special material which absorbs the heat and moisture from your feet, and keeps them cool and comfortable. It is also a good remedy for all the other troubles that come from wearing ill-fitting shoes.

MINERS APPROACH THE GOVERNMENT.
Terms Variation Calling of New Conference.

[By Wireman.]
Late last night the Miners Executive sent a communication to Mr. Chelmsford, Chief Secretary for the Colonies, containing a formal proposal to request the Government to consider the miners' proposals.

The letter is to Mr. Chelmsford, and is signed by the Miners' Executive. It states that the Executive Committee of the Miners' Association, having specially considered the present proposals, has decided to send them to the Government.

We are prepared to enter into negotiations for a new national agreement with a view to a reduction in labour costs to meet the immediate necessities of the country.

The official communication is sufficient to justify them in requesting the Mining Association to meet representatives of the Government and to discuss with them the proposed terms.

The Prime Minister is being kept informed of the details of the Executive's letter, and a decision is expected to be reached in the near future.

The Government is expected to be in a position to announce a decision on the miners' proposals in the course of the next few days.

The Government is expected to be in a position to announce a decision on the miners' proposals in the course of the next few days.

Spring-time Health
Spring is at hand! Magic words, when the pollen dusts are swept into a metallic sky, when you feel ready to sleep for a week and can hardly stir at all.

You cannot change Nature, but you can change that influence which conditions your health with Sanatogen. A physician writes: "Any diet, well provided with Albumin and Phosphorus, will cure the European ailing."

And Sanatogen is an organic compound of exactly those two ingredients. That is why Sanatogen will revivify you, and revivify your whole system, giving you new energy in the day-time and sound sleep at night.

SANATOGEN
The True Food Food.
Obtainable at all Chemists and Druggists.

Her Wonderful Teeth
Remove the dirty film that's clouding yours and you'll be surprised that your teeth are just as white and charming as any one's—made like rubber dent.

HERE is a simple test that proves the truth that most of us have never known and constantly wonder if it is true or even creating it. This is the reason: Old-time dentifrices were made to scrub the teeth, but scrubbing was a serious problem. Her modern dentifrice has discovered a new way. A tooth paste that removes discolorations and hides the natural color of your teeth. Removes it and your teeth take on a new finish. Maybe you have really beautiful teeth without realizing it.

Pepsodent
The New Day Dentifrice
Based on modern science. Approved by leading dentists. Refreshing and safe for all. Will not irritate sensitive teeth.

Protect the Enamel
Prevent discoloration and decay. Pepsodent is the best. Refreshing and safe for all. Will not irritate sensitive teeth.

10-Day Tube Free

RADIO EXHIBITION IN LONDON

Improvements in Receiving Sets.

[By Wireman.]

The National Radio Exhibition at the end of 1925, and the exhibition which followed in the grounds of the Metropolitan Exhibition, which has just been held. Two previous exhibitions of this kind have been held in London, but this one is probably the most important in the history of the subject.

Improvements in the design of a broadcast receiver are the main feature of the exhibition, and the various exhibits show a wide range of designs, from the simple to the elaborate.

The most notable improvement is the introduction of the "super-heterodyne" circuit, which enables a receiver to receive a wide range of frequencies with a high degree of selectivity.

The exhibition also shows a wide range of other improvements, including the use of vacuum tube detectors, and the use of variable condensers for tuning.

Value of the Rupee

INTERESTS OF INDIAN EXPORTERS

[By Wireman.]

It is a well-known fact that the value of the rupee has been steadily falling since the war. This has had a serious effect on the interests of Indian exporters, who find that their goods are selling at a lower price than before.

The Government has taken steps to stabilize the rupee, but it is still a long way from its former value. It is hoped that the Government will take further steps to stabilize the rupee, and that the value of the rupee will rise to its former level.

THE TRIPARTITE COAL CONFERENCE.

Opinion in Government Circles.

(By Wireless.) Though no official statement has been issued regarding last night's meeting of the miners' leaders with Mr. Churchill and the members of the Cabinet Coal Commission, it is stated in Government opinion today that Mr. Churchill's object is to prepare the way for the tripartite coal conference that would have some prospect of succeeding. He desired to meet with the miners further details regarding their attitude to horns and wages.

It is confidently stated that the miners' leaders, while still objecting to longer hours, were willing to make substantial wage sacrifices for a settlement on an industrial basis. Hopes are entertained in Government circles that it will be possible to hold a tripartite conference of representatives of Government, coal owners, and miners' associations, and a meeting of the tripartite coal conference.

DICTATORS PRIVATE FORCE.

Greek Guard Disbanded after a Skirmish.

(From News Bureau's Agency.) Athens, Sept. 9.—It is semi-officially announced by President Kinnaras that the Government's order for the disbandment of the Republican guard was carried out this morning.

There is a separate division of the Republican guard, which was founded by M. Pangalos in order to support his dictatorship. They refused to obey the order to be disbanded.

Consequently the Government acted on the supposition that after a few hours' skirmishing, there would be no further serious fighting.

An armed force without the support of the regular army and the regular officers and men, who are being sent to the front, is not a serious force. It is reported to have been and is now being sent to the front.

WELCOME TO GERMANS IN GENOVA.

Chancellor Indicates His World Policy.

(From News Bureau's Agency.) Geneva, Sept. 10.—The German delegation had a memorable reception in Geneva. Herr Brüning, Herr Brüning, and others, least of all, were greeted with a warm and cordial reception. The German delegation to the League of Nations is being greeted with a warm and cordial reception.

CONFERENCE TO BE HELD AT THE HOUSE OF COMMONS.

(From News Bureau's Agency.) London, Sept. 10.—The Government has announced that a conference will be held at the House of Commons on the 11th inst. to discuss the coal situation.

THE TRIANGLE OF DEATH.

(From News Bureau's Agency.) London, Sept. 10.—The Government has announced that a conference will be held at the House of Commons on the 11th inst. to discuss the coal situation.

things about a new car that most
people do not know. Before
purchase, period of a year's life
is added to his knowledge...

30 different Governments have bought ALBIONS

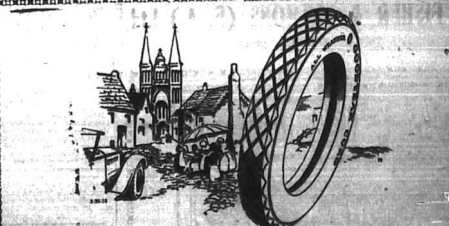

GOVERNMENTS command
the best expert advice.
When you find that 30 Govern-
ments, including those of Great
Britain, Transylvania, Kenya and
Uganda, have bought whole
fleets of Albion vehicles, you can
judge for yourself what the
most competent judges think
of this make.

The largest owners of commercial
and industrial transport have the
same. Their own records prove that
for longest service, greatest reliability
and lowest running cost it holds out
by Albion performance under all
conditions in every part of the world.

Write for particulars of Albion models
specifically recommended for the
East African Colonies.
Largest Offices: 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

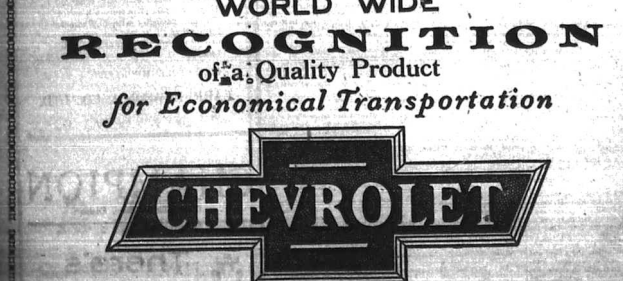

Safety-In the All-Weather Tread

In addition to its unusual toughness and resistance
to wear, the All-Weather Tread Tyre is the
greatest contribution to tyre construction ever
made towards the prevention of skidding.
Its hundreds of sharp edges oppose multiplied
right-angle resistance the instant the instant your
car tries to swing from a straight course.
For immunity from tyre trouble fit Goodyear—
All Weather Tread Tyres.

WORLD WIDE RECOGNITION of a Quality Product for Economical Transportation

SO great is the demand for Chevrolet for world that fourteen huge factories are working night and
day to produce these cars.
Each of these fifty hand-painted new Chevrolet's are turned out from these plants. They are sent to every corner
of this globe to fill the need for economical transportation.
In one hundred and twenty-six different countries people are using Chevrolet to solve their transportation
problems.
This world-wide acceptance of the Chevrolet is a fitting tribute to its sterling worth.

COMMON MISTAKES OF BEGINNERS

Anyone who has taught people to drive a car... Common mistakes of beginners include: 1. Not looking far enough ahead. 2. Not looking to the right when turning right. 3. Not looking to the left when turning left. 4. Not looking to the left when overtaking. 5. Not looking to the right when overtaking. 6. Not looking to the left when overtaking. 7. Not looking to the right when overtaking. 8. Not looking to the left when overtaking. 9. Not looking to the right when overtaking. 10. Not looking to the left when overtaking.

Duplicate Steering.

A NEW SERVICE TO PREVENT "SIDING."

A complete cure for "siding" is now discovered... Duplicate steering is a new service to prevent "siding" in touring cars. It involves a special steering mechanism that allows the driver to steer with one hand while the other hand rests on the steering wheel.

BRIDGING

As respects the use of the brakes... Bridging is a technique used by drivers to maintain control of the vehicle during emergency stops. It involves applying the brakes in a specific sequence to prevent the vehicle from losing control.

Another important point in the driving of a vehicle... This section discusses the importance of maintaining proper control of the vehicle during various driving situations, such as overtaking and turning.

When breaking off to the right... This section provides instructions on how to safely execute a right turn, including the use of the steering wheel and the brakes.

When breaking off to the left... This section provides instructions on how to safely execute a left turn, including the use of the steering wheel and the brakes.

DODGE BROTHERS MOTOR CARS

NAIROBI—LIVINGSTONE.

Amongst the first to accomplish this journey were five Dodge Brothers Motor Cars and the following models did the trip in scheduled time:

- 1 ton Commercial Car (one)
Standard Touring Car (two)
Hot Body Car (two)

No trouble of any kind was experienced during the journey and this proves that the dependability of Dodge Brothers Cars is proverbial and their exceptional riding comfort permits long travel over bad roads without fatigue.

Hupmobile

If you once enjoy the power, comfort, smoothness, and ease and safety of driving, that make the Hupmobile Six stand out among other cars, there will be no doubt in your mind as to the car you will want to own.

OUR PICTURE PAGE.

A PRODUCT OF GENERAL MOTORS LIMITED.

TO-DAY is one of motorised living and working—of aviation movement—of increased accomplishment. The problem, squarely up to motorcar designers, engineers and manufacturers, has been the construction of a type of engine and motorcar to meet the vital and urgent needs of this new day.

Such a motorcar is now here. Certainly no modern development in motor car design so completely answers the needs and requirements of the new-day driving as the new Buick.

Decide now to see and drive this epochal motorcar at the very earliest opportunity.

Nothing will so surely emphasize the vast difference between ordinary motorcars and the new Buick Six as the new delight you, yourself, feel the first time you drive a Buick.

The new Buick has a sleeking pickup which no other car can equal. The driver will enjoy a new mastery of the road. Its responsiveness to the lightest touch is amazing. The magical ease with which the new Buick is handled will impress one at once.

You may expect much from the new Buick; you will not be disappointed, for the new Buick is the result of six years careful and painstaking development. The new model Buick has swept past all the tendencies and limitations of the motorcar as one has known it before. For economy, speed, power on hills, rough roads, capacity for heavy loads, ease of control, the new Buick is a revelation, and stands as the recognised leader in new-day design.

If other car in the world offers all these important advantages.

- Four-wheel Brakes.
- Oil Filter.
- Air Filter.
- Petrol Filler.
- Completely Sealed Chassis.
- Cumulative Spraying.
- Dipping Head Lights.
- 77 Horse Power.
- Finger-light Steering.
- Light Pressure Clutch.
- Yoke-in-Head Engine.
- Remarkable Fuel Economy.

There are more Buicks registered throughout the world than any other cars except Chevrolet and Ford.

Buick predominance in registrations means extra miles turned in by old cars that would not be running at all if they were not Buicks—built as only Buick builds. The oldest cars in regular operation in East Africa are Buicks Buick engineering has accomplished this by thinking always of superior stamina and placing it in every Buick part, and then, by placing around that stamina such protection as the famous "Sealed Chassis" and the "Triple Sealed Engine." All Buick operating parts are hardened from dirt and wear to insure longer life with less upkeep.

THE AUSTRALIANS

Match Against an English XI Drawn.
The Australians opened their London tour with a match against an English XI. The result was a draw. The weather was not so good as on previous occasions, but the visitors played well, and the match was a very interesting one.

STUDEBAKER Breaks Trans-American Record

A new model Studebaker Big Six recently crossed the American continent from New York to San Francisco in 96 hours 30 minutes...
In spite of the severe winter and bad road conditions encountered, this time cost \$18,000, \$25,000 less than the previous record...
The new Studebaker Big Six is a fast, powerful car with a motor that is a masterpiece of engineering.

THIS Studebaker triumph is important to car owners everywhere. Though you will probably never require such grueling service from your car, this test proves the extent of those built-up qualities of endurance which make the Studebaker as reliable in everyday use. Super-endurance is one of the things why the Studebaker Big Six is the fastest-selling high-powered car in the world. To pay less than a Studebaker costs is false economy; to pay more is needless extravagance.

Studebaker. Brochure Case.

STUDEBAKER CAR.

7 Factories! 180,000 Cars per Annum! 21,000 Employees!

Your commission will tell you what these figures mean. Add to this the fact that Studebaker make their own engines, gear boxes, axles, bodies in their own shops, and you get the picture. Their own money for their money. Their performance for yours.

Your eyes will confirm this good opinion. Lamps, instruments, painting, upholstery in heavy leather will bear a favorable comparison with your preferred car. To see is to believe.

TO SEE AND TO BUY WILL OBTAIN YOU NOTHING.

CHRYSLER leads because CHRYSLER pioneers.

Two years ago, Walter P. Chrysler presented a new kind of motor car to which conductors were attracted by its speed and stability...

- 1. Seven bearing crankshaft vibration reducer. 2. Insipid neutralizer. 3. Compact motor in motor body design.

- 4. Two tone body finish. 5. New rate of horse power per gallon of weight. 6. New high speed performance of 70 m.p.h.

- 7. Seven bearing crankshaft vibration reducer. 8. Insipid neutralizer. 9. Compact motor in motor body design.

TO DAY WHILEST OTHERS THROUGHOUT THE INDUSTRY ARE PROCLAIMING THESE FEATURES ONE BY ONE AS SOMETHING NEW AND ADVANCED CHRYSLER IS FURTHER PROGRESSING...

The perfect tyre equipment

DUNLOP

CORD TYRES (WIRED TYPE) for Well-Based Rims

DUNLOP were the first practical pneumatic tyre in 1889. Today Dunlop still holds in tyre design and manufacture the world's finest tyre, which is the ideal tyre for both town and country. Dunlop has set an example which is being extensively followed.

Dunlop Cord Tyre and well-base equipment should be on your car because of its simply proved safety, simplicity, convenience and durability. If your present car or motor-cycle is not fitted with tyres of this type, we should be glad to advise you regarding conversion.

We have just received an advice that the Dunlop type of well-base rim has been adopted for all Standard Ford production. What further proof of its merits are required!

Crossley 1530

Has that extra power

which makes all the difference to motoring

and of the motor-vehicle features of the Crossley 1530 is its ample power. This means pleasant, confident driving with a reserve always at your disposal. No loss in straining. The engine responds to every demand.

Investing in first cost, economical to run, giving the performance of a much larger car, the Crossley 1530 does away with any necessity to buy an under-powered car with its obvious disadvantages. Equipment is absolutely complete.

Full details from—**CROSSLEY MOTORS Ltd.** Export Department, 40-41 Conduit Street, LONDON, W.1, ENGLAND.

1530 H.P. TOURING CAR £470

196 H.P. TOURING CAR £825

DELIVERED AT MOMBASA

The Kenya Automobile Association has decided to represent the Automobile Association of Kenya at the Kenya Automobile Association meeting, which will be held at the Kenya Automobile Association, Nairobi, on Tuesday next.

An extraordinary general meeting of the Kenya Automobile Association was held at the Kenya Automobile Association, Nairobi, on Tuesday last. The meeting was held in the presence of the Hon. Secretary for the Colonies, Mr. H. Y. Glavin, and the Hon. Secretary for the Colonies, Mr. H. Y. Glavin.

The question of whether the Kenya Automobile Association should be asked to appoint a committee to inquire into the affairs of the Kenya Automobile Association, was discussed.

The Hon. Secretary for the Colonies, Mr. H. Y. Glavin, has agreed to appoint a committee to inquire into the affairs of the Kenya Automobile Association.

CUTTON SEEDS

Stock your gardens with Sutton's Favorite and Vegetable specially suited to East Africa. Seed your vegetable plots with Sutton's Choice and Sutton's Favorite. Sutton's Seeds can be obtained from our Agents in Nairobi, Mombasa, Kisumu and Dar-es-Salaam.

SUTTON & SONS, THE KING'S SUPERMARKET, READING, ENGLAND

KENNEL NOTES
Mansford Collyer
Miss Orling, I give to you all the responsibility for accuracy of statements made by her which are in the possession of the Editor.

Wrote from Mombasa, and I would like to see you in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

I had lost a four-toed dog which I had given up all idea of bringing down 'Lampson' to the East African Standard. I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

My dog was a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

It is a very difficult problem to deal with. We do know for certain that the dog which I have seen on every spot of land is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

It is a very difficult problem to deal with. We do know for certain that the dog which I have seen on every spot of land is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

It is a very difficult problem to deal with. We do know for certain that the dog which I have seen on every spot of land is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

It is a very difficult problem to deal with. We do know for certain that the dog which I have seen on every spot of land is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

too slowly to please the reader. The dog was brought to me in the form of a letter, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

I was much taken with Mr. Mansford Collyer's letter, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

I was much taken with Mr. Mansford Collyer's letter, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the dog which I have seen on every spot of land.

EAST AFRICAN POLICY OF THE FUTURE.

LORD DELAMERE'S PRESIDENTIAL ADDRESS AT UNOFFICIAL CONFERENCE.

Dual Control in Africa. A PLEA FOR GREATER POWER FOR THE GOVERNORS' CONFERENCE.

Lessons from the South.

IMPERIAL RESPONSIBILITY IN DEVELOPMENT OF THE COLONIAL EMPIRE.

After reviewing the desirability for self government and defining the essential position of Governors of Crown Colonies, Lord Delamere said that in the latter's greater power should be given to ensure continued better work by the Governors' Conference.

The President of the Conference dealt at length with the dual policy of self government and imperial responsibility in the Colonies.

THE PRESIDENT'S ADDRESS. "I am glad to have the opportunity of addressing you on this important subject."

One of the main features of the South African position of the South African Government is the gradualist policy which it has pursued in the development of the Union.

In the last few years I have been reading a great deal of the literature which has been published in the South African press on the subject of the Union's development.

It is a very difficult problem to deal with. We do know for certain that the Union's development is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the Union's development.

It is a very difficult problem to deal with. We do know for certain that the Union's development is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the Union's development.

It is a very difficult problem to deal with. We do know for certain that the Union's development is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the Union's development.

It is a very difficult problem to deal with. We do know for certain that the Union's development is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the Union's development.

It is a very difficult problem to deal with. We do know for certain that the Union's development is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the Union's development.

It is a very difficult problem to deal with. We do know for certain that the Union's development is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the Union's development.

It is a very difficult problem to deal with. We do know for certain that the Union's development is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the Union's development.

There has been a great deal of discussion in the past few years about the future of the Empire. It is a very difficult problem to deal with. We do know for certain that the future of the Empire is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the future of the Empire.

It is a very difficult problem to deal with. We do know for certain that the future of the Empire is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the future of the Empire.

It is a very difficult problem to deal with. We do know for certain that the future of the Empire is a very good one, and I had to be a bit of a troublemaker in the paper that you are writing for the 'Lion' about the future of the Empire.
