For exhaustion after Dysentery - take Wincarnis!

For the severe weakness and finally deadly results which follow an attack of Dysentery, Wincarnis is especially recommended.

Wincarnis can be taken when most other foods cannot be digested. It builds up the system and restores the body and mind.

For rapid convalescence after any illness, take Wincarnis. It is so, as an occasional pick-me-up to keep you healthy and vigorous all the year through.

**"SENTINEL" TRACTORS WHEELED OR TRACKED**

High pressure superheated steam, the cheapest form of motive power in use today. The engine is totally enclosed and running in an oil bath. The boiler is completely dismantlable, and all sections accessible in 4 hours, using no tools, hoist, or crane, etc.

**STEEL WHEELS**

These tractors will haul loads in excess of the usual type of traction engine, this being largely due to the perfect weight distribution. Speeds can be higher, owing to the motor car type of steering and the long flexible rear springs. A winch and wire rope is provided for making the tractor ideal for timber work. By means of the belt pulley the tractor is convertible to a portable engine, developing about 40 H.P.

**"SENTINEL" TRAILERS**

**MADE IN CAPACITIES FROM 4 TO 10 TONS**

These trailers can be obtained in various forms, with solid rubber tyres for good hard roads, or with extra large diameter wide steel wheels for soft earth roads. They are supplied with all types of bodies to suit all types of load.

These include a hydraulically operated three-way type, which is ideal for loads such as sand, etc., and a dropped frame type very suitable for soil or sugar cane. All have pressed steel tumbled grease nipple lubricated, and spring drawbars. It will pay you to write to us for further particulars and quotations.

[By Wicks.]

The question of overseas settlement has been the subject of the Committee of the Imperial Conference, the Finance Committee resolution for approving the report regarding the problem of the redistribution of the white population of the Empire to the best interests of both British Commonwealth and the countries to be settled. It is pointed out that the settlement is being accelerated by a policy consistently pursued since 1911 and the views of the Conference that the policy should be a permanent one is endorsed.

**Change in the Royal Title.**

**STATUS OF GREAT BRITAIN AND THE OVERSEA DOMINIONS.**

The political results of the Imperial Conference on the eve of its adjournment were a long report of the Imperial Relations Committee of the British Empire. The report was unanimously approved. No fundamental constitutional changes are recommended but the proposal is made of great importance to the Dominions and Colonies of the Empire. For reasons given the Prime Ministers dealt with the title of the King, which in the last fifty years has been twice altered to suit points mentioned above as complete change in the title of the King. The title of the King is to be altered to King of Great Britain and the Overseas Dominions. The title of the Queen is to be altered to Queen of Great Britain and the Overseas Dominions. The title of the Prince of Wales is to be altered to Prince of Wales and the Overseas Dominions. The title of the Princess Royal is to be altered to Princess Royal and the Overseas Dominions. The title of the Duke of York is to be altered to Duke of York and the Overseas Dominions. The title of the Duchess of York is to be altered to Duchess of York and the Overseas Dominions. The title of the Prince of Wales is to be altered to Prince of Wales and the Overseas Dominions. The title of the Princess Royal is to be altered to Princess Royal and the Overseas Dominions. Race Orientation Troops to be Murdered.

[The Wireless.] Berlin, Nov. 24. Following the admission of Herr Goebbels Minister of Propaganda in the Reichstag last as the time of the Reichstag session the Nationalist organizations confessed the terrible plot against the Jews. It now appears that officers of the old German army and extremists in one time planned by the "Hitler" regime to murder money, whereas all foreign troops were to be exterminated. It was also proposed to form an army of 100,000 German soldiers to be sent to the East, while the Reichstag would also be exterminated in a fight for freedom.

### MORRIS CARS.

#### Improvements in the 1937 Model.

CLASSIS REDUCED.

It can safely be said that the announcements of the new programme for their 1937 models, says Morris Motors (1929) Ltd., marks an entirely new stage in the firm's history. The new models have been improved by very substantially reduced the general dimensions, increased the range of models, reduced the weight, and improved the chassis in both the construction and the running.

The new standard of the 1937 models is such that it is not only a step forward in the firm's history, but also a step forward in the industry as a whole. The general advance in design has been made possible by the introduction of the fundamental design, which has been made possible by the introduction of the fundamental design, which has been made possible by the introduction of the fundamental design.

### ADJUSTABLE STEERING.

The steel dash supports the steering column by an adjustable lever giving seven alternative positions. This means that the driver can adjust the steering column to suit his own requirements.

One is immediately struck by the change of appearance of the new cars, occasioned by the use of the new standard of the 1937 models. The new cars are more compact and more powerful than the cars of the previous year.

**ROAD CONSTRUCTION**

**Use of Fuel Oil on the Highways.**

**AN EXPERT'S OPINION**

In view of numerous and new experiments which have taken place lately upon the method of construction of roads in Kenya, particularly those in mud and gravel, the following article on "Oil on the Highways," written by H. H. Moran, California Highway Engineer, in an attempt to give some ideas to be of interest to many motorists as well as engineering systems of one kind or another with regard to experiments now being made in applying fuel oil to the surface of flexible highways, it may be well to call the most pertinent facts to public attention to bring about a clearer understanding of the problem involved.

It may be taken for granted that everyone can readily see certain benefits resulting from applying oil to a gravel road surface which otherwise would be dusty.

Very small oil should not be used on the highway if it has not been increased use of roads, and treated and equipped there, with fuel oil, has not been used. Many, however, are following conditions.

When a road is treated with oil, the surface of the road is made smoother and more uniform, and the dust is kept down.

Who can cover the oil to the road? It is not a good idea to use oil on a road which is not in good condition.

**Goodyear Tires.**

**COMPANY NOW HAS FOUR TIRE PATENTS**

An announcement was made recently of the purchase by Goodyear of a new patent mill property at Colchester, Co., near far from Atlanta. Goodyear bought the five acres mill at Killybegs from Goodrich, Connecticut, last year ago, using it to supply a portion of the requirements for the tires made at the experimental and research plant in West Killingly, that department was employed.

When the Colchester plant was built at Lenox, in 1920, a building was erected alongside the mill, and was used for the tires at the plant. The tires at the plant were made at the mill, and were used for the tires at the plant.

The tires at the plant were made at the mill, and were used for the tires at the plant.

**FURTHER ACCIDENTS ON THE KYABU ROAD.**

**Week End Series of Motor Smashes.**

The week end has supplied a series of motor accidents. On Friday evening, Mr. H. H. Moran, Manager of the Motor Bus and Batching, was approaching the station at Killybegs, when he was struck by a motor car. The car was driven by a driver who was not licensed to drive. **Motor Body Construction.**

**CREDITABLE WORK IN LOCAL FIRM**

A motor vehicle will during the next few days be appearing on the Nairobi roads which reflects the credit work done by local industry. The vehicle is in shape of a passenger car, and is being constructed by the firm of Messrs. H. H. Moran & Co., Ltd., for the purpose of supplying the Nairobi roads. **Long Springs-88% of Wheel Base**

Long semi-elliptic springs of chrome vanadium steel—rear springs underslung—total length of one rear and one front spring equaling 88% of the wheel base of the car—imagine the comfort of riding on such spring suspension!

Yet this is but one of the features that make for greater riding comfort in the new Chevrolet—shown from radiator to rear axle to provide a new value that is astonishing everybody who sees them at our Show Room.

While a Buick is in no sense a racing car, its ability to reach the high speeds indicated shows with smoothness and ease in striking evidence of the tremendous reserve power which is available at ordinary touring speeds.

The Buick owner who tours at low or moderate speeds has the assurance that an enormous reserve power is instantly available for the steepest hills—the deepest sand—the maddest weather.

### THE DEFENCE FORCE ORDINANCE.

Full Compulsory Provisions Gazetted for Criticism.

#### DISCIPLINE UNDER THE ARMY ACTS.

The Defence Force Ordinance No. 120 of 1919 is published in the current issue of the Gazette for the purpose of information and criticism before actually coming into law. At the discretion of the Governor a General Defence Committee shall be appointed, and the Bill provided for the compulsory service in the Defence Force of all able European and British males who have been in the country a month and are between the ages of 16 and 50.

Anyone who does not send him a card within a month after the promulgation of the Ordinance shall be deemed to be enrolled. Ministers, doctors, and veterinary officers are liable only to serve in their professional capacities. The Governor and the Legislative Council will be notified by a M.O. to be sent to the Governor, Judges, policemen, prison wardens, magistrates, and members of the K.A.R. These will serve only voluntarily.

The ordinance "shall be liable to recruit general military service in any part of East Africa within or without the Colony and Protectorate for the defence thereof or for the protection of the said property there." The Governor is empowered to exempt anyone from the service.

**OFFICIALS.** The D.C. or R.C. of every district is called "The Officer in Charge," and the Bill makes it his duty to continuously advertise the ordinance and keep a list of all those liable to be called up. He shall also hold a particular list of those at which, "on due proof by oath, he is satisfied that the list shall be kept up and sufficient to be referred from time to time to any of the officers of the law as determined, and provided further that the omission of the name in charge shall be fatal.

When all in ready the officer shall forthwith transmit such corrected lists to the Staff Officer of the Defence Force, Nairobi.

#### THE OATH.

Every member enrolled as demanded to be enrolled shall take an oath before a Magistrate or Justice of the Peace in the form set out in the following British Statute:

I do solemnly promise and swear that I will be true to His Majesty King George V his heirs and successors and that while residing in the Colony and Protectorate of Kenya I will serve His Majesty for the defence of the same, against all enemies and offenders according to the laws in that behalf made and provided.

Each of the above forms does solemnly promise and swear that while residing in the Colony and Protectorate of Kenya I will serve His Majesty King George V his heirs and successors and that while residing in the Colony and Protectorate of Kenya I will serve His Majesty for the defence of the same, against all enemies and offenders according to the laws in that behalf made and provided.

**ORIGINATOR.** Each of the above forms does solemnly promise and swear that while residing in the Colony and Protectorate of Kenya I will serve His Majesty King George V his heirs and successors and that while residing in the Colony and Protectorate of Kenya I will serve His Majesty for the defence of the same, against all enemies and offenders according to the laws in that behalf made and provided.

#### Asiatic Poll Tax.

#### THE NEW BILL TO PROVIDE EDUCATION FUND.

The new Bill imposing an additional poll tax in Asiatic is gazetted for public information before introduction to the Legislative Council.

An Asiatic defined as a male person other than a native, not being of European race or parentage.

The tax is Shn. 20/- per year to be called "the Asiatic Education Poll Tax." The tax must be such other as may be approved between the 1st and 31st January, 1921, by the Council of the Colony. If an Asiatic enters the Colony after the 1st January he must pay the tax.

The tax has to be paid to the D.C. and such information as the D.C. requires must be furnished for receipt purposes. Failure in the latter respect is a misdemeanour punishable by 14 days.

The Bill gives power to Magistrates to summons an Asiatic to show cause why he should not pay, and they may order the tax to be paid. Any default in payment shall amount to a contempt of court and shall be punishable as such. The tax may be recovered by attachment and sale of property.

The tax has to be paid by those under 18 and those on a temporary visit to the Colony. The Governor is empowered to exempt any person or class of persons from payment.

Special Note Book.  
 The Standard has received from the Chief Secretary, Dar-es-Salaam, a copy of the Uganda Blue Book for 1919, which contains the latest complete statistics and details of conditions in that country. The public domain, public institutions, population, revenue, and other statistics and further, etc., are most

## Make Your Teeth strong with KALZANA

Dr. Maughan Brown showed at the 1918 South African Medical Congress that "tooth decay is very often due to a lack of calcium in our food and water."

When your teeth are weak and painful, when your gums often bleed, then use Kalzana, the calcium food. Kalzana tablets contain calcium in a form that is easily taken up and assimilated by the body-cell.

A few tablets daily will provide your system with the material necessary to harden and strengthen your teeth, and to make them capable of resisting a life's work.

DISCOUNT NOTES.

**Fort Ternan.**

(From the Fort Ternan Correspondent.)

Fort Ternan, Nov. 19.

The weather until last night has been kinder, and the farmer had little cause to complain. October was a drier month than we had experienced for some time and gave as a chance to clear up neglected stables. It is unfortunately however for the last week or two there has fallen a heavy rain, the farmers of the district would advise a quiet period of weather and that they are pessimistic they will produce good crops.

The maize and coffee crops are down on the whole, but the average this year and of course that gives no reason for offering high prices for the crop. The ground is very hard and the crops are very dry. The ground is very hard and the crops are very dry. The ground is very hard and the crops are very dry.

During the triumphal but shortening process on our side through an unexpected rain, the crops are very dry. The ground is very hard and the crops are very dry. The ground is very hard and the crops are very dry.

Every quality that is built into any product is measured finally by the degree of its acceptance by the public. Only the best can hope to win and hold the public approval. For approval has ever been the aim of our designers and engineers and we have never been satisfied until our products were accepted by the public.

Public acceptance has made the FORD TOURING the world's most popular passenger car. It has pioneered motor transportation by every curve of the globe and because of fundamental soundness has maintained an unshakable leadership.

It is made little to beg to concede and to maintain and it provides every essential of comfortable and efficient passenger transportation. Selection of three color colours: a durable lacquer, Marlinite, Grey and Green.
