# The Pathfinder

INTO the unknown—through tangled thorn scrub—across the rock strewn wastes of the Northern Frontier, Martin Johnson has driven his fleet of motor cars in quest of photographic studies of African game animals.

On account of the ravages of thorns and rocks on tyre equipment, camel caravans were at first necessary in order to penetrate certain districts.

Finally, Goodyear Heavy Duty Cords were suggested and tried out with overwhelming success. The old camel transport was discarded, and miles and miles of these remote areas were covered in motor car with ease and with an entire absence of tyre trouble. It is gratifying to feel that Goodyear Tyre equipment has contributed to the realization of a long cherished dream of this world famous photographer.

### DIRTY IN TIME'S LUTE

By Joan Holman

It is not only the fashion designers who are busy in the winter months, but the women who are busy in the winter months. The winter months are the best time to go to Paris to see the latest in fashion.

A pretty statement for a daily look comprises a large, three and four streamers which terminate in a series of tiny bows.

The winter months are the best time to go to Paris to see the latest in fashion. The winter months are the best time to go to Paris to see the latest in fashion. The winter months are the best time to go to Paris to see the latest in fashion.

# Nine Great American Racing Stars *buy* The Greatest BUICK Ever Built

Within thirty days after its introduction, the Greatest Buick Ever Built received one of the greatest tributes ever paid a motor car.

Nine internationally famous A.A.A. speedway stars singled it out above all other cars for their personal use and for their families. Some of these men are graduate engineers. Others are veteran automobile designers. All of them know motor cars—probably as no other group of nine men in the world.

They have learned the vital necessity of fine engineering, rugged construction and brakes that never fail. They know

the importance of stamina and riding comfort. They instantly recognize those qualities of performance that lift a car above the commonplace.

Almost daily they drive the costliest types of hand-constructed automobiles being built today—yet read what they say about the new Buick, and why they chose it for themselves!

Here, is expert opinion on those qualities of vibrationless performance, efficient operation, handling safety and brilliant beauty, which stamp the Greatest Buick Ever Built as the greatest motor car value ever offered.

**Paul D. Fisher**

"I have owned a number of cars, but I have never owned one that has given me so much pleasure and comfort as this Buick. It is a real joy to drive."

**Bennett Hill**

"I have driven a great many cars, but I have never found one that has given me so much pleasure and comfort as this Buick. It is a real joy to drive."

**Bob McWhorter**

"I don't think I have ever owned a car that has given me so much pleasure and comfort as this Buick. It is a real joy to drive."

**Don Lewis**

**The Fatal Jest**  
TO CHILDREN

I heard the sound of musical bells  
Come tinkling up the wind  
Through the chiming rattle  
And sliding rattle-land.  
I saw the little rattle and ring  
Like ships on ocean-tide.  
Those rattle bells are long  
With melody on their backs.

I saw a magic conjard round  
Turned down from his eyes  
Young man arranged in garments  
Fit for a prince.  
Infants on nodding hips  
Old men to rattle and ring  
And, rattle that rattle  
A riddle of the Queen.

Said he: "Frosted? You faint?  
"Stop by the palace gate,  
"For I'll give you a rattle  
"To represent the Stars."  
Then up there went a shakin' land  
"I'll be up at once!  
"The melody is upon the land."  
The melody is upon the land.  
"I heard the sound of musical bells  
"To be heard to be driven."  
"Who gave you the rattle?"  
"Who gave you the rattle?"  
"I heard the sound of musical bells  
"To be heard to be driven."  
"Who gave you the rattle?"  
"Who gave you the rattle?"

Two men there, I was:  
"That so, O conjard-keeper!  
"What of the rattle?"  
"I heard the sound of musical bells  
"To be heard to be driven."  
"Who gave you the rattle?"  
"Who gave you the rattle?"

Was could it be? The morning  
Broke fragrant and warm,  
But oh, a prince had fallen  
He and his Mother-Queen.

No joys within the city walls  
For many and many a day  
Only the peacocks' wail  
And the rattle of the wind.  
The streets were never so bright  
I saw the little rattle and ring  
Like ships on ocean-tide.  
Those rattle bells are long  
With melody on their backs.

"Sickness is the land!"  
No more to hold the rattle bells  
From falling up the wind  
Through the chiming rattle  
And sliding rattle-land.  
The rattle bells are long  
With melody on their backs.

## Nine Great American Racing Stars *buy* The Greatest BUICK Ever Built

Within thirty days after its introduction, the Greatest Buick Ever Built received one of the greatest tributes ever paid a motor car.

Nine internationally famous A. A. A. speedway stars singled it out above all other cars for their personal use and for their families!

Some of these men are graduate engineers. Others are veteran automobile designers. All of them know motor cars—probably as no other group of nine men in the world.

They have learned the vital necessity of fine engineering, rugged construction and brakes that never fail. They know

the importance of stamina and riding comfort. They instantly recognize those qualities of performance that lift a car above the commonplace.

Almost daily they drive the costliest types of hand-constructed automobiles being built today—yet read what they say about the new Buick and why they chose it for themselves!

Here, is expert opinion on those qualities of vibrationless performance, efficient operation, handling safety and brilliant beauty, which stamp the Greatest Buick Ever Built as the greatest motor car value ever offered.

Phil Dwyer

"I have driven a number of Buicks and I can say that they are the best cars I have ever driven. They are fast, smooth, and comfortable. I would recommend them to anyone who is looking for a good car."

Raymond Hill

"I have driven a number of Buicks and I can say that they are the best cars I have ever driven. They are fast, smooth, and comfortable. I would recommend them to anyone who is looking for a good car."
