SHANGHAI AROUSES AMERICA

ADMIRAL DESCRIBES SITUATION AS "VERY TENSE".

Press and Public Indignation.

MOB THREATS TO INVAD THE INTERNATIONAL SETTLEMENTS.

A Naval Fight.

America has at last been aroused by the situation in Shanghai and cinema scenes of British troops are greeted with wild cheers. Mr. Churchill's speech telling of the Coldstream Guards and the American Marines standing shoulder to shoulder has evoked the loudest applause.

AMERICAN INDIGNATION. THREAT TO SHANGHAI SETTLEMENTS.

Wild Enthusiasm for British Troops.

Washington, March 27. Reinforcements which have been ordered to China under the command of Admiral Clegg, some of whom are available for shore duty.

The American masses who are indifferent to the financial loss sustained by the powerful commercial interests in China, are, however, fired by intense indignation as the horror, which has been committed in Nanking, is reported on news, shooting of foreigners and the burning of American institutions.

CHINA'S FRONT PAGE. The Chinese front page is a sensational one, the newspapers which instead are giving prominence to a message from London, in which the British Government is protesting against the Japanese.

STANDING TOGETHER. This is the only one of the reports of the speech made by the British Minister in Shanghai, in which the Chancellor of the Exchequer is mentioned in connection with the Coldstream Guards standing shoulder to shoulder with American Marines.

The Chinese are standing shoulder to shoulder with the British troops in Shanghai. The appearance of British troops is a highly popular one.

It is freely admitted that the reasons of the troops, probably the British, are not the only ones in a writer of reports published in the "Official" papers. It is stated in a letter of a British official in Shanghai, in which the British Government is protesting against the Japanese.

ENCOURAGING AMERICANS. Shanghai, March 27. It is freely admitted that the reasons of the troops, probably the British, are not the only ones in a writer of reports published in the "Official" papers.

THE DEVOYS ARRIVED. Shanghai, March 27. The Devoys arrived from Hong Kong and also the aircraft carrier.

DRAMATIC INCIDENT AT PARIS STATION.

Englishman Shot by Countess.

MUR IN KENYA.

Amulian Attempts to Commit Suicide.

A Naval Duel.

CHINESE SHIPS USE I.L.M.S. "MAGIC" AS A SCREEN.

Two warships belonging to the Chinese Northern Fleet, which bombarded the forts of the International Settlements in Shanghai, were seen on the 27th.

AMERICAN CHAMBERLAIN. Sir Austen Chamberlain, British Foreign Secretary, is expected to visit the United States.

INFERRED CONTROL. Finding in favor of simple control of the defense of the Settlements and the French Consulate is being given in view of the fact that the Japanese are in possession of the French zone.

OLDSMOBILE

ANNOUNCES

FOUR-WHEEL BRAKES

A Product of
GENERAL MOTORS

AT NO PRICE INCREASE
AND LARGER, HEAVIER TYRES

CRANKCASE Ventilation, Oil Filter, Dual Air Cleaning, Two-way Cooling, Harmonic Balancer, Dipping Head Lamps, Adjustable Steering Column, Single Piece Windshield, Rigid Type Side Curtains (instantly detachable), Trunk Rack Larger Heavier (30 x 5.25) Tyres and FOUR-WHEEL BRAKES are some of the remarkable new features.

The great General Motors Corporation and Oldsmobile have determined that this Oldsmobile model shall completely and decisively

DE LUXE TOURING

£

2

is the first production of this class to attract attention to its appliances of other makes when they come to England. The perfect construction of this car in the workshop in which are now the subject of national rivalry.

is the first production of this class to attract attention to its appliances of other makes when they come to England. The perfect construction of this car in the workshop in which are now the subject of national rivalry.

CALEDONIAN P.C.

outstrip any other make of car in its price class.

Thus Oldsmobile keeps faith with its policy pledged to progress.

See this new Oldsmobile yourself. Drive it on the road. Experience the delight of its easy control and responsiveness. Try it on the steepest hill and you will know. And then consider the outstandingly low price £298.

Endless facilities of world's five organization would have

25 MILES AND MORE TO THE GALLON

HONED CYLINDERS. The cylinders of the new Oldsmobile are finished to a hard, glass surface by honing with fine abrasive in size. This operation is indicative of the care and precision that is evident in the entire that extends to the smallest lubber part.

CRANKCASE VENTILATION. Oil clearance is eliminated by crankcase ventilation. One-third of the oil that passes through the oil sump is drawn through the oil separator & driven upwards a distance of 18 inches with its water vapor, sulphuric acid that may have been present into the crankcase, which causes it to be efficiently lubricated of piston and valves.

DUAL AIR CLEANING. Dust and dirt from the road are removed from the air before it enters the combustion chamber.

OIL FILTER. All oil is filtered as the engine runs, ensuring constant flow of clean lubricant to all working surfaces.

HARMONIC BALANCER. The Harmonic Balancer developed by General Motors Engineers eliminates vibrations in the crank shaft. This ensures quiet, vibration free performance at any speed.

FOUR WHEEL BRAKES. New Oldsmobile, with, with increase in price-four wheel brakes. The

front wheel brakes are self-adjusting. In wet, slippery, or muddy conditions, as protection against water skid, and with the self-adjusting, positive and delicately light touch.

BALLOON GRABBER STEERING. The wheel, with and with ground to suit suit very uneven roads. The permits sharp light touch. This ensures quiet, vibration free performance at any speed.

RAKY SHUT-TURN-ON-STEERING. These are practically impossible to operate, and gear shift, which could without hand

INTERNAL COMBUSTION CHAMBER. New type ignited head gives greater turbulence to incoming mixture, producing maximum and uniform performance, and is a positive development of latest scientific progress.

HIGH VELOCITY MANFOLD. A new type of manifold reduces the high velocity flow incoming gases. The intake is constructed with a combination of new design, gives maximum gas flow, and is designed to maintain a high vacuum to hold the

DOUBLE VALVE SPRINGS. The double valve springs, similar to those employed in aircraft and

passing car engines, together with the "spring-over" feature of each, results in a remarkably positive and quiet valve action, safely without noise.

DOUBLE-OFFSET LOW GRAVITY FRAME. The design provides perfect balancing of springs, load, and suspension. These are arranged in the rear member being stronger. The rear member being "hooking" over rear axle to provide low gravity, low riding, and unusual stability to hold the road.

DIPPING HEAD LIGHTS. Head lamps have double filament bulbs.

The lights are controlled by a hand lever on the steering wheel.

INSTRUMENTS INDIRECTLY ILLUMINATED. Both indirect lighting, individually illuminated instruments without glare or reflection in driver's eyes.

INSTRUMENT PANEL FULL DAUGHTER. A multiple instrument board panel group is attached in all Oldsmobiles.

THREE-SPOOF CAR LOCK. A new three-spool car lock is a feature. Turning of ignition key fully locks the car. The vehicle will not be built integral in a vault like the usual locking.

DODGE BROTHERS MOTOR CARS

STATE ROADS.

Construction in North Carolina.

RESULTS OF ONE YEAR'S WORK.

From the work done last year it can be seen that the State is making rapid progress in the construction of its roads. In 1925 the State expended over \$1,000,000 in the construction of its roads.

These roads by break through to homes, markets and business centers. Five years ago the roads were in such a state that it was impossible to travel from one town to another.

It has now become a commonplace thing to see a motor car on every highway. The roads are now in such a state that it is possible to travel from one town to another.

RAIL ROAD.

The situation of highway work during the past year has been such that the State has been able to complete the construction of its roads.

COMMERCIAL.

From William F. Fisher, President of the Chamber of Commerce, we learn that the State has been able to complete the construction of its roads.

Atmos Ignition.
The latest news returns to the fact that the proportion of immovable property in the hands of the Government of the Republic of South Africa is steadily increasing. It is reported that for the first time since the war, the Government has secured three hundred million sterling. This big sum, it is stated, will be used to finance the Government of South-West Africa, and it is believed that the Government will be able to meet its obligations in the future.

New African Service.
The Transvaal Trade Union has been advised by the Government of the Republic of South Africa that it is not permitted to accept any new appointments in the public service in the Transvaal for the next three years. It is stated that the Government has decided to reduce the number of appointments in the public service in the Transvaal for the next three years.

Uganda Oil.
The Standard Oil Company (U.S.A.) has been granted a concession by the Government of the Republic of South Africa for the exploration and production of oil in the Province of Orange Free State. It is stated that the concession is for a period of 50 years and that the Government will receive a royalty of 10% on the value of the oil produced.

London Labour Council.
The London Labour Council has decided to support the Government in the proposed extension of the franchise. It is stated that the Council has passed a resolution to the effect that it will support the Government in the proposed extension of the franchise.

KENYA CHILDREN ARE "SECOND TO NONE"

Critics Answered by Experience

THE VIEW OF LORETO

The school magazine "Loreto of Kenya" has been published for the first time. It is a beautiful volume, and will be of the greatest interest to parents and to the public generally. It is a credit to the Loreto Sisters, who have taken so much trouble to bring out this volume. It is a credit to the Loreto Sisters, who have taken so much trouble to bring out this volume. It is a credit to the Loreto Sisters, who have taken so much trouble to bring out this volume.

The prototype of the school magazine in Kenya is the "Loreto of Kenya" which is published in the Province of Loreto in Italy. It is a beautiful volume, and will be of the greatest interest to parents and to the public generally. It is a credit to the Loreto Sisters, who have taken so much trouble to bring out this volume.

Given facilities for education in Kenya, it seems highly probable that children should prosper and their parents and homes may be permitted to pay more money for their education. They have advanced their children in the same manner or even out of girls have rarely filled a school.

These girls come to us to be trained in the culture and refinement of their homes. One case is to foster what has been already mentioned in the previous column, and to keep up the tradition of their parents.

OUR WOMEN'S PAGE

A Letter from Paris

It is a pleasure to write to you from Paris, where the fashion world is so busy. The great fact has been the return of the "long" dress, which has been worn for some time. It is a very elegant and comfortable dress, and it is very popular in Paris. It is a dress that is suitable for all occasions, and it is a dress that is very easy to wear. It is a dress that is very popular in Paris, and it is a dress that is very easy to wear.

TO BE L

GOOD clothing and very to be set on appropriate. It is a pleasure to write to you from Paris, where the fashion world is so busy. The great fact has been the return of the "long" dress, which has been worn for some time. It is a very elegant and comfortable dress, and it is very popular in Paris. It is a dress that is suitable for all occasions, and it is a dress that is very easy to wear. It is a dress that is very popular in Paris, and it is a dress that is very easy to wear.

SPECIAL CABINET MEETING ON THE CHINA PROBLEM.

Sequel to Messages from Admiralty.

SIR AUSTEN CHAMBERLAIN ANSWERS QUESTIONS PUT IN PARLIAMENT.

Shanghai Consul-General Declares Force Sufficient for Any Emergency.

London, March 29. (Foreign news agency.)

Before going to Chongking on Saturday, Mr. Baldwin warned his colleagues that the situation in China would probably necessitate a special Cabinet meeting to-day.

Messages sent received by the Admiralty from the Yangtze were communicated by Mr. Baldwin yesterday and the Cabinet sat for two hours to-day.

In the House of Commons at 10 o'clock to-day the House of Commons discussed the situation in China.

After referring to the situation in China, Mr. Chamberlain said: "I must be satisfied that the situation in China is such that the Government will be able to maintain its position."

Mr. Chamberlain said that the Government will be able to maintain its position in China.

Mr. Chamberlain said that the Government will be able to maintain its position in China.

OLDSMOBILE

ANNOUNCES

FOUR-WHEEL BRAKES

A Product of
GENERAL MOTORS

AT NO PRICE INCREASE

AND LARGER, HEAVIER TYRES

CRANKCASE Ventilation, Oil Filter, Dual Air Cleaning, Two-way Cooling, Harmonic Balancer, Dipping Head Lamps, Adjustable Steering Column, Single Piece Windshield, Rigid Type Side Curtains (instantly detachable), Trunk Rack Larger Heavier (30 x 5.25) Tyres and **FOUR-WHEEL BRAKES** are some of the remarkable new features.

DE LUXE TOURING

£

298

outstrip any other make of car in its price class.

Thus Oldsmobile keeps faith with its policy pledged to progress.

See this new Oldsmobile yourself. Drive it on the road. Experience the delight of its easy control and responsiveness. Try it on the steepest hill you know. And then consider its astoundingly low price £298.

The great General Motors Corporation and Oldsmobile model shall completely and decisively **make this** the greatest automotive organization would have made this possible.

25 MILES AND MORE TO THE GALLON

HONOURED CYLINDERS. The cylinders of the new Oldsmobile are finished to a hard, glass surface by honing with fine abrasive stones. This operation is indicative of the care and precision that is evident in the quality that extends to the smallest hidden part.

CRANKCASE VENTILATION. Oil dilution is minimized by crank case ventilation. One-third of the oil that passes through the oil separator is drawn through the breaker port in the left side of the engine. It draws off what it takes vapor, saturated fuel that has passed into the crankcase, and a small amount of oil vapour which results in more efficient lubrication of piston and val-

EQUAL AIR CLEANING. Dust and dirt from the road are removed from the air before it enters the combustion chamber.

OIL FILTER. All oil is filtered as the engine runs, ensuring crystal clear oil being delivered to all wearing surfaces.

HARMONIC BALANCER. The Harmonic Balancer developed by General Motors Engineers eliminates any vibration in the crank shaft. This ensures quiet, vibration-free performance of any four-cylinder engine.

FOUR WHEEL BRAKES. New Oldsmobile rides without tremors in four-wheel brakes. The

front wheel brakes are self-energizing, internal, shoe-shoe, expanding type. The brakes are entirely contained as protective splash-water dirt and oil. The self-energizing and delicately light in operation.

BALLOON-GEARED STEERING. The worm, split axle type geared for soft and easy steering control. It permits sharp-right easy steering even in congested traffic.

EASY SHIFT TRANSMISSION. Gears are practically square of shifted without shock.

SPECIAL COMBUSTION CHAMBER. New type cylinder head gives greater turbulence to incoming gases, producing smooth and spirited performance, and is a modern development of General Motors Research Laboratories.

HIGH VELOCITY MAINVALVE. A new type of mainvalve retains the high velocity gives smoother gears. The feature, in combination with a carburetor of new design, gives a top speed of 55-67 miles a gallon but now to be desired.

DOUBLE VALVE SPRINGS. The double valve springs, unique to those employed in aerial and

raising the engine, together with the "quieting" nature of the valve and quiet valve action, entirely without noise.

DOUBLE OFFSET LOW DRAIVE FRAME. The design provides perfect mounting of springs for greatest roadability. There are four cross-members, for extra strength, the rear one, in addition being "locking" over, rear axle to provide for greater, easy riding.

DIPPING HEAD LIGHTS. Head lamps have double filament bulbs.

The lights are controlled by a hand lever on the steering wheel.

INSTRUMENTS INDIVIDUALLY ILLUMINATED. Self-illumination lighting individually illuminates each instrument without glare or reflection in driver's eye.

INSTRUMENT PANEL FUEL GAUGE. A reliable instrument board panel group is attached to Oldsmobile.

TIGHT-PROOF GLASS LOCK. A new kind-proof car lock is a feature. Turning of ignition post and key are built integral in a vault like steel housing.

"STANDARD" FEATURE PAGE

THE HISTORY OF UGANDA.

The Second Phase—Chaos & Cosmos—1887-1897.

(R. A. STANFORD SPEAKS.)

WE are going to visit Uganda, the East of Africa, in 1937, and the history of Uganda during these ten years certainly reads as though the volume of the Standard devoted to it were a continuous record of the progress of a new and not new people. It is a story of a new and not new people, and it is a story of a new and not new people, and it is a story of a new and not new people.

progress of a new and not new people. It is a story of a new and not new people, and it is a story of a new and not new people, and it is a story of a new and not new people.

It is a story of a new and not new people, and it is a story of a new and not new people, and it is a story of a new and not new people.
