PARK OF NEW E. A. COMMISSION.

White Paper Details Some of the Problems to be Discussed.

CLOSER UNION DESIRABLE.

"More Effective Co-operation by Federation or Otherwise"

The numerous petitions of the Home Government and another Commission to East Africa to discuss mainly the lines along which closer co-operation between the British territories in this part of the world had proceeded is followed by the publication of a White Paper on the subject.

It is developed that as a result of the recent Colonial Conference the desirability of closer union between the British and Central African group of colonies was demonstrated and the importance of the Commission's work to ensure it was recommended how best this might be accomplished.

Inter-Colonial Council.

[**FRANCIS HAYES'S ADDRESS.**]

London, July 11.—The London Daily newspaper reports that the first meeting of the Inter-Colonial Council was held on Thursday. A White Paper on the subject of the Inter-Colonial Council had also been presented to the Secretary of State for the Colonies.

The Inter-Colonial Council is the development on the lines of the Inter-Colonial Council of the British Empire which was established in 1919. The White Paper states that the Inter-Colonial Council is to be a body which will advise the Secretary of State on the lines of the Inter-Colonial Council of the British Empire which was established in 1919.

The representatives of Government and more direct representation, to suggest how the Inter-Colonial Council should be constituted by the Conference of East African Governments might best be applied progressively, politically and economically, to increased inter-colonial union and to the development of the Inter-Colonial Council on the lines of the Inter-Colonial Council of the British Empire which was established in 1919.

The Government's emphasis is to adhere to the principle set forth in the White Paper of 1925 entitled "Indians in Kenya".

At the same time the Government desires that the Indian community should be associated more closely in the responsibilities of trusteeship which must mainly upon the lines of the Inter-Colonial Council of the British Empire which was established in 1919.

Empire Timber.

PROBLEMS IN INDIA RAID TO BE IMPROVED.

[**FRANCIS HAYES'S ADDRESS.**]

London, July 11.—The White Paper states that the Inter-Colonial Council is to be a body which will advise the Secretary of State on the lines of the Inter-Colonial Council of the British Empire which was established in 1919.

Rhine Troops.

Outstandingly **The Greatest** tyre the world has so far seen

COMING from a company the size and character of Goodyear, the statement which heads this advertisement is doubly significant. It is issued only after testing its complete truth and weighing its full meaning in terms of the highest public interest.

This *is* the greatest tyre Goodyear has ever made!

By the resources and skill devoted to its manufacture, by the experience, research and authority represented in its advanced design, we believe we may properly say also it is the greatest tyre the world has so far seen.

*This is the new
Goodyear balloon tyre
with the new-type
All-Weather Tread!*

Kenya and Uganda Railway

INSURANCE OF PASSENGERS AT ALL STATIONS AND PORTS ON THE KENYA AND UGANDA RAILWAY.

Tenders are hereby invited for the right of insuring passengers at all stations and ports on the Kenya and Uganda Railway against risk of personal injury through accidents to railway vehicles, high ferry boats, or other vehicles in which such passengers are travelling, for a period of three years.

Conditions of Contract can be obtained from Superintendent of the Line, Kenya and Uganda Railway, Nairobi.

Sealed tenders, marked on the outside "Tenders for Insurance of Passengers" may be addressed to the General Manager, Kenya and Uganda Railway, Nairobi, and will be received in that office up to noon, 10th September, 1922.

The highest or any tender will not necessarily be accepted.

Explorers Use This Car Because It is Dependable

Pioneers and explorers, whose lives depend upon the reliability of the transportation they use, employ Dodge Brothers Motor Cars almost exclusively.

Profession used Dodge Brothers Cars throughout the unexplored deserts of Central Australia, Dr. Roy Chapman Andrews on three different occasions, pursued the innermost wastes of Mongolia in a Dodge Brothers Car.

The car's dependability is proverbial; and its exceptional riding comfort permits long travel over bad roads without fatigue.

MOTOR TOPICS

FILTERS ON MOTORS.

Lubricating Oil Cleaners.

THEIR FUNCTION.

The filter mounted in the engine catches any dirt which may be present in the oil before it reaches the cylinders. It is made of a material which will not allow any dirt to pass through it. The dirt is caught in the filter and the clean oil passes through to the cylinders.

If there is any dirt in the oil, it will cause the engine to run roughly and will shorten its life. The filter is a very important part of the engine and should be kept clean and in good order.

THE FUNCTION OF THE FILTER.

The function of the filter is to catch any dirt which may be present in the oil before it reaches the cylinders. It is made of a material which will not allow any dirt to pass through it. The dirt is caught in the filter and the clean oil passes through to the cylinders.

If there is any dirt in the oil, it will cause the engine to run roughly and will shorten its life. The filter is a very important part of the engine and should be kept clean and in good order.

NECESSITY FOR FILTERING.

Coming back to the question of filtering, it may be said that an engine will not run properly unless the oil is clean. The filter is a very important part of the engine and should be kept clean and in good order.

If there is any dirt in the oil, it will cause the engine to run roughly and will shorten its life. The filter is a very important part of the engine and should be kept clean and in good order.

WHAT IS REQUIRED.

Before going on to describe the types of filters used for the engine, it is well to consider the material which is used for the filter. It should be a material which will not allow any dirt to pass through it. The dirt is caught in the filter and the clean oil passes through to the cylinders.

If there is any dirt in the oil, it will cause the engine to run roughly and will shorten its life. The filter is a very important part of the engine and should be kept clean and in good order.

New lines ~ New Colors and a host of other improvements

IN ADDITION to introducing a new order of elegance, style and distinction into the field of low priced automobiles, the most beautiful Chevrolet also represents a marked mechanical advancement. Examine any one of the seven attractive models and you will find so many improvements that you will be literally amazed.

Improvements that contribute to even longer life, greater dependability and finer performance! Improvements that assure more pronounced economy, easier operation and a keener sense of owner satisfaction. Improvements that place Chevrolet far ahead of any other car in its price class.

We are holding a special showing of the new models. May we urge you to visit our showroom and study the cars? From the new and larger radiator shell to the new automatic stop light, you will find new and finer construction, new and more desirable features—features that will give you a new idea of what the buyer of the low priced car has to expect for his money.

FORD FACTS

Here are some of the Advantages which the New Vaporizer gives on the Ford Models.

Ford Touring Car £167.

1. The gasoline is completely vaporized, making a far superior fuel mixture which burns more completely, considerably reducing smoke.
2. The thorough vaporization gives greater power, and greater economy operation.
3. It also permits a more even distribution of fuel to the cylinders which causes the engine to run more smoothly and allows throttling down to a much lower speed.
4. Since all of the fuel is actually burned, there is no excess to get into the crankcase and dilute lubricating oil.
5. The Hot Plate eliminates any possibility of

6. flooding the cylinders, when starting and thereby prevents stalling on start.
7. Even when lowest grade gasoline is used a remarkable improvement in engine performance is immediately obtained.
8. There is considerable increase in mileage per gallon, due to the expansion of every atom of fuel permitting a better mixture to be used.
9. One setting of the Vaporizer is sufficient for all conditions of weather and driving due to the vapor entering the cylinders at the same high regardless of engine or climatic temperature.

Ford Safari Car £155.

K. McIVOR'S GARAGE
STUDEBAKER
 BUILDERS OF QUALITY VEHICLES FOR 73 YEARS

Three Tests of Thoroughbreds

First, test the pedigree. The Studbook name has stood for satisfaction and honor values for 75 years. Today Studbook is the world's largest record of high-powered stamper cars.

Second, judge its performance. Ride through traffic in top gear, at a walking pace, or over the Kibera. Try to stir up stalling power that rocks at mountain of mud. Ride slip away silently behind you. Ride in crowded corridor as in your favorite club. Four-wheel brakes may mean safety, reality means pace of mind while riding in this hazardous car.

Third, does it look the part of a thoroughbred? The President's horse, wearing the state Studbook with luxurious leathers and saddle trim, sits in a quiet, firm ordinary car.

Phone 67. SIXTH AVENUE, NAIROBI. P. O. Box 97

Notice

Under the Nairobi Township (Amendment) (No 2) By-laws 1927, By-law 471 (B). Notice is hereby given that the Nairobi Municipal Council have passed the following rules and regulations for the control of traffic, parking of motor cars in the commercial area of Nairobi, such rules and regulations to come into force from the date of the publication of the notices.

- No car shall be permitted to stand in Government Road between the junction of River and Government Road, or in Hardinge Street between Ninth Avenue and Hassan Lane so as to cause an obstruction, nor shall the left hand front or rear wheels or fenders with the pavement or road-side. Any car left standing for more than one hour may be deemed to cause an obstruction.
- No cars shall be permitted to stand in Victoria Street in the vicinity of the Supreme Court, within the area demarcated by the notice boards prohibiting parking. Cars standing in the rear of Victoria Street must be flush with the pavement with the left front and rear wheels nearest the pavement or pavement reserve.
- No car shall be permitted to stand so as to except for the bonafide loading or unloading of goods in any of the following streets, roads, lanes or passages:—
 - (a) Between front facing Government Road and Hardinge Street and Government Road and Victoria Street, excepting the junction road south-east of the Law Courts between Government Road and Victoria Street, including the auxiliary lanes parallel to and on either side of Government Road.
 - (b) In the centre road of the Sixth Avenue between Government Road and the Railway crossing.
 - (c) Cars can only be parked at places adjacent to the Sixth Avenue side roads parallel to the main road at the place demarcated for that purpose.
 - (d) No motor car is to be double parked on any street, road or lane within the commercial area.
 - (e) The recognised car parking places are only for the use of private cars.
- No trade vehicle, whether ox cart, mule cart, tractor, motor wagon or van, shall use the road which is a continuation of Elliot Street to Whitehouse Road, through the Railway subordinate quarters, between the Fifth Avenue and Whitehouse Road. Provided that this prohibition shall not apply to any such vehicle which can be proved to be taken to a definite address within the Railway subordinate quarters.

By order of the Municipal Council
L. GILBERT, TOWN CLERK.
Nairobi, July 16th, 1927.

Sale by Public Auction

Auction Sale of very valuable Freehold Coconut Shade on the Railway Line at the Coast.

IN THE MATTER OF THE ESTATE OF A. ALLEDINA VISRAM, DECEASED.

FAVOURD with instructions from J. S. Stanah, A. Receiver of the above Estate, the undersigned will, on THURSDAY the 28th JULY 1927, at 10 A.M., in the Auction Room at the JUBILEE HALL, hold a Public Auction for the sale of the following property:

- A large Coconut Shade opposite Marston Station, on the Kenyan Railway, containing 112 acres or more, with about 15 000 Coconuts in store (approximately), on and about 1000 feet frontage. There are other fruit trees there.
- Another large Coconut shade on the Railway Line, near the Kenyan Railway, containing 81 1/2 acres or more, with about 15 000 Coconuts in store, on and about 1000 feet frontage. There are other fruit trees there.
- Another large Coconut shade on the Railway Line, near the Kenyan Railway, containing 81 1/2 acres or more, with about 15 000 Coconuts in store, on and about 1000 feet frontage. There are other fruit trees there.

The Receiver will accept offers for the whole or for any part of the above property. Any other produce may be put on the shade.

ALL THE ABOVE MENTIONED SHADES ARE FREEHOLD and the sale of the same is a supremely opportunity of securing valuable property at a low price. The terms of sale are as follows:— 1/10th of the purchase money to be paid immediately on the date of the sale, and the balance to be paid in 5 equal instalments, the first instalment to be paid on the 1st day of January, 1928, and the balance to be paid on the 1st day of January, 1929, 1930, 1931, and 1932, respectively. For further information and conditions of sale apply to J. S. Stanah, Receiver of the above Estate, at the Public Auction Room, Jubilee Hall, Nairobi, or to the Auctioneer, Mr. G. A. DATOO & COMPANY, Ltd., 6th Avenue, Nairobi.

The Receiver will accept offers for the whole or for any part of the above property.

 New Piston Rings and Heavy Landing with

STEERING.

Entirely re-designed with control levers and horn
 fusion on top of highly polished large disc
 wheel.

Three adjustments are provided on box to take up
 any slack.

The worm wheel has four positions so that when
 wear does take place it is only necessary to remove
 the steering arm and turn the steering wheel to an-
 other position. This feature makes for perfect
 steering at all times during the life of the car.

INSTRUMENT BOARD.

The speedometer, oil gauge and ammeter are
 compactly grouped under glass and are indirectly
 illuminated.

CHASSIS and SPRINGS.

Frame in front and rear of heavy material with
 heavy cross members and heavy springs.

COACH WORK.

New Improved Brown Fenders.
 Bullet shaped lamp.
 Bodies finished with Polished Brass.
 Chassis low without leaving ground clearance.

EQUIPMENT.

3 Goodyear cord tyres straight side.
 30 x 4-75 on the 6 cylinder model.
 29 x 4-40 on the 4 cylinder model.

QUESTION OF THE "LOSER LEAD"

[From Our Own Correspondent] London, June 12. Attention has been directed by the Union having passed over the rules of the newly formed in England, Ireland, Scotland and Wales. The subject of the "loser lead" (the system of allowing a team to lose a game and still have a chance of winning the championship) has been discussed in the past.

An optimist lives hopes for the but wise men say Kenitas and get it.

Outstandingly **The Greatest** tyre the world has so far seen

COMING from a company of the size and character of Goodyear, the statement which heads this advertisement is doubly significant. It is issued only after testing its complete truth and weighing its full meaning in terms of the highest public interest.

This is the greatest tyre Goodyear has ever made!

By the resources and skill devoted to its manufacture, by the experience, research and authority represented in its advanced design, we believe we may properly say also it is the greatest tyre the world has so far seen.

This is the new Goodyear balloon tyre with the new-type All-Weather Tread!

SANDS & Co. AUCTIONEERS.
Notice

Under the Nairobi Township (Amendment) (No. 3) By-Laws 1917, in Law 47 (S. 10) and 48 (S. 11) and the Nairobi Municipal Council have passed the following rules and regulations for the control of traffic and parking of motor vehicles in the commercial areas of Nairobi, such rules and regulations to come into force from the date of the publication of this notice.

- No car shall be permitted to stand in Government Road between the junction of River and Government Street, or in Harding Street between Sixth Avenue and Hazard Lane so as to cause an obstruction, nor unless the left hand front and rear wheels are flush with the curb, nor unless the pavement or pavement reserve for more than one hour may be deemed to cause an obstruction.
- No cars shall be permitted to stand in Victoria Street in the vicinity of the Supreme Court, within the area demarcated by the notice boards prohibiting parking. Cars standing in the rest of Victoria Street must be flush with the pavement with the left front and rear wheels nearest the pavement or pavement reserve.
- No car shall be permitted to stand at all except for the handload loading or unloading of goods in any of the following streets, roads, lanes or passage ways—
 - (a) Between plots fronting Government Road and Harding Street and Government Road and Victoria Street, excepting the junction road south-east of the Law Courts between Government Road and Victoria Street, including the sanitary lanes parallel to and on either side of Government Road.
 - (b) In the centre road of Sixth Avenue between Government Road and the Railway crossing.
- Cars can only be parked at places adjacent to the Sixth Avenue side roads parallel to the main road at the places demarcated for that purpose.
- No motor car is to be double parked on any street, road or lane within the commercial area.
- The recognised car parking places are only for the use of private cars.
- No trade vehicle, whether ox cart, mule cart, tractor, motor wagon or van, shall use the road which is a continuation of Elliot Street to Whitehouse Road, between the Railway subordinate quarters, between Fifth Avenue and Whitehouse Road. Provided that this prohibition shall not apply to any such vehicle which can be proved to be proceeding to a definite address within the Railway subordinate quarters area.
