First—Buick took vibration out of the engine
Now—it has taken it out of the road

Now Buick for 1928 has come forward with another great contribution to motoring comfort. Buick has taken vibration out of the road by equipping every Buick with Hydraulic Shock Absorbers, front and rear—an added luxury that the savings of Buick volume have been able to supply.

Bumpy, rutty, uneven highways—all ride smoothly, for Buick grades its own roads. Let us put a Buick for 1928 at your disposal, so you may test this riding comfort for yourself.

London, October 4. (P.P.) The last news of my friend, the Hon. Mr. Chamberlain, was that he was in the House of Commons on the 2nd inst. He was seen by the Liberal Party at Blackpool, and the Liberalists themselves were particularly anxious to see him. It will be interesting to watch the results from this source of information, and to see how much of the Liberal Party is still in the hands of the Liberal Party. It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world.

Miss Agins.

For some time there has been talk of another coal crisis. It is a common knowledge that conditions in various parts of the country are very bad and that many people are suffering from the effects of the coal crisis. It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world.

As Rupture Eastward.

One of the hottest Ministers in London just now is Mr. W. G. A. O'Malley, the Under Secretary for the Colonies, upon whom devolves the charge of the Dominions Department. During the absence overseas of his chief, Mr. L. L. Amery, he has been in the position of a Minister in the Colonies. It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world.

Miss John Doreen of the beautiful

It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world. It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world.

"Rocking New"

I notice a return of the old-fashioned "Rocking New" has been predicted by those who ought to know. It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world.

"Dry America."

I have always in my humble way been amazed that people with brains and forethought of the Americans could be so dense as not to realize that the best thing to do is to make it the best thing to do.

I asked a teacher of dancing the other day why the "Rocking New" was so popular. He said that it was because it was so popular. It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world.

Realistic.

As an outside-to-inside one has the opportunity of seeing things as they are. It is not clear that our country has any more to offer to the world, and it is not clear that our country has any more to offer to the world.

"ASPECTS OF THE BUDGET."

No. 5.

MEANT INCREASES IN LEGAL DEPARTMENTS.

After the third clerical department was dealt with in the Budget article yesterday, the attention of the public is now directed to the Budget article regarding the increase in the salaries of the Government, Magistrate, and other officials. It is the happy provision of the Budget that no increase in the salaries of the officials who are to be paid for the year 1928, is to be made. It is also to be noted that the Budget provides for the increase in the salaries of the officials who are to be paid for the year 1929.

First—Buick took vibration out of the engine
Now—it has taken it out of the *road*

Now Buick for 1928 has come forward with another great contribution to motoring comfort. Buick has taken vibration out of the road by equipping every Buick with Hydraulic Shock Absorbers, front and rear—an added luxury that the savings of Buick volume have been able to supply.

Bumpy, rutty, uneven highways—all ride smoothly, for Buick grades its own roads. Let us put a Buick for 4928 at your disposal, so you may test this riding comfort for yourself.
